- M1.2 A Registered Participant shall indemnify and keep indemnified the Allocation Platform and its officers, employees and agents from and against any and all loss or liability (including legal costs) which any of them may suffer or incur by reason of any claim by any third party (“claimant”) on account of any and all loss (whether direct or indirect) suffered by the claimant or any of the claimant’s officers, agents, subcontractors or employees in connection with any Capacity Subcontracting Arrangement to which that Registered Participant is a party.

- M2.2 The seat of arbitration for any dispute referred to arbitration under the rules of the International Chamber of Commerce shall be Geneva.

M3 Suspension of the Participation Agreement

- M3.1 The Allocation Platform may by notice to the Registered Participant suspend temporarily the Registered Participant’s rights in connection with these Rules with immediate effect if the Registered Participant commits a breach of an obligation in connection with these Rules which may have a material impact on the Allocation Platform as follows:
- a. any breach which may have a material financial impact on the Allocation Platform;
 - b. the Allocation Platform considers on reasonable grounds that the Registered Participant no longer satisfies one or more of the conditions to participate in Auctions;
or
 - c. if a Registered Participant’s rights have been suspended in accordance with Article 71 (Suspension of the Participation Agreement) of Appendix 1 – Rules for Forward Capacity Allocation on the GB-Belgian Border or Article 58 (Suspension of the Participation Agreement) of Appendix 3 - Rules for Daily Capacity Allocation on the GB-Belgian Border or Article 51 (Suspension of the Participation Agreement) of Appendix 4 – Rules for Intraday Capacity Allocation on the GB-Belgian Border.

- M3.2 In the case of any minor breach in relation to these Rules, the Allocation Platform may by notice to the Registered Participant inform the Registered Participant that its rights in connection with these Rules shall be suspended unless the Registered Participant remedies the suspension event in the time period specified in the notice. The suspension shall take effect when the period specified for remedy has elapsed and the breach remains unremedied.
- M3.3 After the suspension takes effect in accordance with paragraph M3.1 or M3.2, the suspended Registered Participant may no longer participate in any Explicit Daily Auction and the suspended Registered Participant shall not be entitled to Nominate its Interconnector Capacity rights. For the avoidance of doubt, the Interconnector Capacity rights which the Registered Participant is prohibited from using as a result of such suspension may be offered by the Allocation Platform in subsequent Auctions and the Allocation Platform shall not be required to compensate the Registered Participant.
- M3.4 The Allocation Platform may withdraw a notice under this Rule at any time. Having given a notice under paragraphs M3.1 or M3.2, the Allocation Platform may give a further or other notice at any time in respect of the same or a different suspension event.
- M3.5 Once the Registered Participant has fulfilled or remedied the suspension event as notified to it in the notice sent by the Allocation Platform, the Allocation Platform shall reinstate as soon as reasonably practicable the Registered Participant's rights in relation to use of its allocated Interconnector Capacity rights and its ability to participate in Auctions by written notice to the Registered Participant. As from the date of effect of the reinstatement, the Interconnector Capacity rights allocated prior to the suspension and which remain unused may be Nominated.
- M3.6 If the Allocation Platform gives a notice to a Registered Participant under paragraphs M3.1 or M3.2, such notice of suspension does not relieve the Registered Participant from its obligations to pay for allocated Interconnector Capacity rights.

M4 Termination of the Participation Agreement

- M4.1 A Registered Participant may at any time request the Allocation Platform to terminate the Participation Agreement to which the Registered Participant is a Party. The termination shall take effect after thirty (30) Business Days after receipt of the termination request by the Allocation Platform and if all outstanding payment obligations are settled.
- M4.2 A Registered Participant may terminate the Participation Agreement to which the Registered Participant is a party for good cause when the Allocation Platform has committed a major breach of an obligation connected with these Rules or the Participation Agreement in the following cases:
- a. where the Allocation Platform repeatedly fails to pay any amount properly due and owing to the Registered Participant with a significant financial impact;
 - b. where there is a significant breach of the confidentiality obligations.
- M4.3 The Registered Participant shall send a notice to the Allocation Platform stating the reason for termination and giving the Allocation Platform twenty (20) Business Days to remedy the

breach. Unless the Allocation Platform remedies the breach within the abovementioned deadline, the termination shall take effect immediately upon expiration of such deadline. A holder of Interconnector Capacity rights whose Participation Agreement is terminated under this paragraph is under no obligation to pay remaining instalments for the Interconnector Capacity rights and is entitled to a refund to the extent that any instalment includes an amount in respect of products which have a starting date after the date of termination, to be calculated pro-rata from the date termination takes effect.

M4.4 If any of the termination events in this Rule occurs in relation to a Registered Participant, the Allocation Platform may by notice to the Registered Participant terminate the Participation Agreement, including the Registered Participant's rights connected with these Rules. A termination under this paragraph M4.4 takes effect from the time of the notice or any later time specified in it. The Registered Participant may not at a later stage enter into the Participation Agreement with the Allocation Platform unless the circumstances of termination cease to exist or the Allocation Platform is sufficiently satisfied that the breach will not occur again.

M4.5 The termination events referred to in paragraph M4.4 of this Rule shall be the following:

- a. if the rights of the Registered Participant are suspended in accordance with Rule M3 for longer than thirty (30) Business Days;
- b. if a Registered Participant repeatedly breaches these Rules or its Participation Agreement, whether or not the breach is capable of remedy;
- c. if an Insolvency Event occurs in relation to a Registered Participant;
- d. if a Registered Participant breaches any of the provisions of the Belgian legal and regulatory framework or the NGESO Grid Code applicable to it and such breach has or can reasonably be expected to have an adverse effect on the operation of the Interconnector or the arrangements contemplated by these Rules and (if capable of remedy) the breach has not been remedied within ten (10) Business Days of a notice from the Allocation Platform requiring remedy;
- e. if a Competent Authority (i) determines that the Registered Participant has committed a misuse or fraudulent act and (ii) requests the Allocation Platform to terminate the Participation Agreement to which such Registered Participant is a Party or (iii) agrees that the Allocation Platform has reasonable grounds to believe that the Registered Participant has committed a misuse or fraudulent act in participating in Auctions;
- f. if the Registered Participant has taken any action which may lead to the damaging or reduction in effectiveness of the Nomination Tool (it being understood that such an action is deemed to happen in case of any behaviour amounting to an attack on the information system such as, but not limited to, deny of service, spam, virus, brute forcing, Trojan horse attack); or
- g. a termination event occurs under Article 72 (Termination of the Participation Agreement) of Appendix 1 – Rules for Forward Capacity Allocation on the GB-Belgian

Border or Article 59 (Termination of the Participation Agreement) of Appendix 3 - Rules for Daily Capacity Allocation on the GB-Belgian Border or Article 52 (Termination of Participation Agreement) of Appendix 4 – Rules for Intraday Capacity Allocation on the GB-Belgian Border.

M4.6 After the termination takes effect in accordance with this Rule and from that time, the Registered Participant may no longer participate in an Auction or Nomination. For the avoidance of doubt, the Interconnector Capacity rights, which the Registered Participant is prohibited from using as a result of termination, may be offered by the Allocation Platform in subsequent Auctions and the Allocation Platform shall not be required to compensate the Registered Participant.

M4.7 Termination of a Participation Agreement does not affect any rights and obligations under or in connection with the Participation Agreement and these Rules which arose prior to that termination unless otherwise specified in this Rule. Accordingly, any Registered Participant whose Participation Agreement is terminated will remain liable, subject to and in accordance with the Allocation Rules, in respect of all such rights and liabilities. This Rule shall apply without prejudice to other remedies available to the Allocation Platform under these Rules.

3. If a Bid Quantity, or a quantity calculated as a sum of the Bid Quantity for several Bids submitted for the same Auction, by a Registered Participant exceeds the Offered Capacity announced in the final Auction Specification, this Bid or these Bids shall be completely rejected. Where a modification of previously submitted Bids results in exceeding the Offered Capacity, the modification shall be rejected and the previously registered Bids will stand.
4. If a Bid Quantity or a quantity calculated as a sum of the Bid Quantity for several Bids submitted for the same Auction by a Registered Participant exceeds the relevant Offered Capacity announced after the Bids submission, the Bids with the lowest Bid Price will be rejected one (1) by one (1) until the total allowed Bid Quantity is lower than or equal to the Offered Capacity.
5. The above mentioned process shall apply to all forms of an Auction product and all Forward Capacity Allocation timeframes.

Article 32

4. The Allocation Platform shall maintain a record of all valid Bids received.
5. Each valid Bid registered at closure of the Bidding Period shall constitute an unconditional and irrevocable offer by the Registered Participant to buy Long Term Transmission Rights up to the Bid Quantity and at prices up to the Bid Price and under the terms and conditions of

these Allocation Rules and the relevant Auction Specification.

Article 33

Default Bid

1. The Registered Participant has the option to place default Bids for Auctions.
2. A default Bid, once identified as such by the Registered Participant, shall apply automatically to each subsequent relevant Auction as defined by the Registered Participant when placing the default Bid. At the opening of a relevant Bidding Period, the registered default Bid shall be considered as a Bid submitted by the Registered Participant for the relevant Auction. This Bid shall be considered as a delivered Bid when the Allocation Platform sends an acknowledgment of receipt to the Registered Participant.
3. If a default Bid Quantity or a quantity calculated as a sum of the Bid Quantity for several default Bids submitted for the same Auction by a Registered Participant exceeds the final Offered Capacity, the Bids with the lowest Bid Price shall be rejected one (1) by one (1) until the total allowed Bid Quantity is lower than or equal to the Offered Capacity.

5. A Registered Participant not wishing to submit the default Bid on the Auction Tool for future Auctions can cancel its default Bids before the subsequent Auction Bidding Period opening.

Article 34

Credit Limit verification

1. Upon submission by a Registered Participant of a Bid or set of Bids to the Auction Tool the Allocation Platform shall check whether the maximum payment obligations (MPO) connected with that Registered Participant's registered Bid(s) calculated according to paragraphs 4 and 5 of this Article at the time of Bid(s) submission exceed the Credit Limit. If the maximum payment obligation connected with such registered Bids exceed the Credit Limit, the Allocation Platform shall issue automatically via the Auction Tool a warning to the Registered Participant to modify the Credit Limit. Bids shall not be rejected automatically if the maximum payment obligation attributed to registered Bids exceeds the Credit Limit at Bid submission but only after the process described in paragraph 2 of this Article.
2. At closure of the Bidding Period the Allocation Platform shall check again whether the maximum payment obligations connected with registered Bids calculated according to paragraph 5 of this Article exceed the Credit Limit. If the maximum payment obligations connected with these Bids exceed the Credit Limit, these Bids, starting with the Bid with the lowest Bid Price, shall be one (1) by one (1) excluded, until the maximum payment obligations are less than or equal to the Credit Limit. The Allocation Platform may apply additional criteria or rules to decide which Bid shall be rejected. Such additional criteria or rules shall be included in the information System Rules and shall be one or more from the following:

- a. chronological submission (time stamp); and/or
 - b. Bid identification assigned by the Auction Tool; and/or
 - c. rejection of all relevant Bids with the same Bid Price.
3. The Allocation Platform shall indicate insufficient collaterals as the reason for the Bid exclusion in the Auction results notification to the Registered Participant.
 4. The Allocation Platform shall continuously assess all the Bids irrespectively to which Auction and with regard to which bidding zone border and direction they are submitted. In case of Bids connected with various and overlapping Auctions the Allocation Platform shall consider all calculated maximum payment obligations as outstanding payment obligations according to Article 23
 5. For the calculation of the maximum payment obligations related to one bidding zone border and direction the Allocation Platform shall sort the registered Bids of a Registered Participant by Bid Price in descending order (merit-order). Bid 1 shall be the Bid with the highest Bid Price and Bid n shall be the Bid with the lowest Bid Price. The Allocation Platform shall calculate the maximum payment obligations according to the following equation:

$$MPO = \sum_{hours} \left[\begin{aligned} &Max \left[Bid\ Price\ (1) * Bid\ Quantity\ (1); Bid\ Price\ (2) \right. \\ &\quad * \sum_{i=1}^2 Bid\ Quantity\ (i); \dots \dots; Bid\ Price\ (n - 1) \\ &\quad \left. * \sum_{i=1}^{n-1} Bid\ Quantity\ (i); Bid\ Price\ (n) * \sum_{i=1}^n Bid\ Quantity\ (i) \right] \end{aligned} \right]$$

6. When calculating the maximum payment obligations according to paragraph 5 of this Article, the Allocation Platform shall also take the following into account:
 - a. if applicable, for each individual hour of the Reduction Period the maximum quantity of Long Term Transmission Rights which can be allocated to the Registered Participant during the Reduction Period;
 - b. increase of the maximum payment obligations with applicable taxes and levies in force subject to Article 64; and
 - c. in respect of Long Term Transmission Rights with a Product Period of one (1) or more months, one (1) or two (2) monthly instalments respectively should be secured in compliance with due amount calculation according to Article 63(5).

Article 35
Auction Results Determination

1. After the expiration of the Bidding Period for an Auction and the Credit Limit verification pursuant to Article 34, the Allocation Platform shall determine the Auction results and allocate the Long Term Transmission Rights in accordance with this Article.
2. The Auction results determination shall include the following:
 - a. determination of the total quantity of the allocated Long Term Transmission Rights per bidding zone border and direction;
 - b. identification of winning Bids to be fully or partially satisfied; and
 - c. determination of the Marginal Price per bidding zone border and direction.
3. The Allocation Platform shall determine the Auction results using an optimisation function aiming at maximisation of the sum of the Registered Participants' Surplus and the Congestion Income generated by the winning Bids while respecting the constraints of the optimisation function in form of relevant Offered Capacities. The Allocation Platform shall publish additional explanatory information on the optimisation function of the algorithm on its website.
4. The Allocation Platform shall determine the Marginal Price at each bidding zone border and direction based on the following criteria:
 - a. if the total quantity of Cross Zonal Capacity for which valid Bids have been submitted is lower than or equal to the relevant Offered Capacity for the relevant Auction, then the Marginal Price shall be zero;
 - b. if the total quantity of Cross Zonal Capacity for which valid Bids have been submitted exceeds the relevant Offered Capacity for the relevant Auction, the Marginal Price shall be set at the lowest Bid(s) Price(s) allocated in full or in part using the respective Offered Capacities.
5. If two (2) or more Registered Participants have submitted for one bidding zone border and direction valid Bids with the same Bid Price, that cannot be accepted in full for the total requested quantity of Long Term Transmission Rights, the Allocation Platform shall determine the winning Bids and the quantity of the allocated Long Term Transmission Rights per Registered Participant as follows:
 - a. the Cross Zonal Capacity available for the Bids which set the Marginal Price shall be divided equally between the number of the Registered Participants which submitted these Bids;
 - b. in case the quantity of Long Term Transmission Rights requested by a Registered Participant at Marginal Price is lower than or equal to the share calculated according to item (a) above, the request of this Registered Participant shall be fully satisfied;

- c. in case the requested quantity of Long Term Transmission Rights by a Registered Participant at Marginal Price exceeds the share calculated according to item (a) above, the request of this Registered Participant shall be satisfied up to the amount of the share as calculated according to item (a) above;
 - d. any remaining Cross Zonal Capacity after the allocation according to items (b) and (c) shall be divided by the number of the Registered Participants whose requests have not been fully satisfied and allocated to them applying the process described in items (a), (b) and (c) above.
- 6. Where a Reduction Period is indicated in the Auction Specification for an Auction, the Allocation Platform shall determine the Auction Results in accordance with the provisions of paragraphs 3 to 5 of this Article, modified as follows:
 - a. winning Bids and Marginal Prices for respective bidding zone border and direction are determined according to paragraphs 3 to 5 of this Article;
 - b. for each Reduction Period the quantity of Long Term Transmission Rights to be allocated to individual Registered Participants shall be calculated on a pro-rata basis taking into account the quantity of Long Term Transmission Rights corresponding to the respective winning Bids of each Registered Participant and the respective reduced Offered Capacities. The Allocation Platform shall publish on its website clarifications and examples concerning the calculation of the quantity of Long Term Transmission Rights to be allocated to individual Registered Participants in the Reduction Period.
- 7. Whenever the calculation set forth in paragraphs 3 to 6 of this Article does not result in a whole MW amount in accordance with Article 31 paragraph 1(f), the Long Term Transmission Rights shall be rounded down to the nearest full MW. The case when Long Term Transmission Rights allocated to individual Registered Participants are equal to zero after rounding shall not impact the Marginal Price determination.
- 8. The Long Term Transmission Rights are deemed to have been allocated to a Registered Participant from the moment the Registered Participant has been informed of the Results and the contestation period is closed in accordance with Article 37. In the event that the Auction was not successfully performed, the fallback procedures as set forth in CHAPTER 8 shall apply.

Article 36

Notification of provisional Auction results

- 1. The Allocation Platform shall publish on its website the provisional Auction results as soon as possible but not later than specified in the final Auction Specification.

At the end of the fourth (4th) Working Day after the publication of the provisional Auction Results and unless an Auction is cancelled, the provisional Auction results shall be considered as final and binding with no further notification.

Article 37

Contestation of Auction Results

1. Registered Participants shall check the Auction results and, where reasonably appropriate, may contest Auction results within the contestation period set out in paragraph 2 of this Article. The Allocation Platform shall only consider a contestation where the Registered Participant is able to demonstrate an error by the Allocation Platform in the Auction results.

2. Returned Long Term Transmission Rights shall be either a constant band of whole MW(s) over the specific timeframe of the subsequent Auction or a constant value of whole MW(s) during the days out of the Reduction Period(s). This second case applies only if the Long Term Transmission Rights to be returned at a subsequent Auction contain exactly the same Reduction Period(s) as the ones of the subsequent Auction itself.
3. The minimum volume for a returned Long Term Transmission Right shall be one (1) MW over the specific timeframe of the subsequent Auction.
4. The Allocation Platform shall make the volumes of returned Long Term Transmission Rights available at the subsequent long term Auction, increasing the Offered Capacity announced in the provisional Auction Specification accordingly and equally for each hour of the Product Period. The same applies for where the Offered Capacity announced in the provisional Auction Specification for the subsequent long term Auction contains a Reduction Period.
5. If the returned Long Term Transmission Rights are rounded down in accordance with the process described in Article 35(7), the Allocation Platform shall remunerate the Market Participant for the full amount of the returned Long Term Transmission Rights in accordance with Article 40.

If no fallback procedure for return is technically possible, no financial compensation may be claimed by the Registered Participants.

Article 40

Remuneration of Long Term Transmission Right holders

1. Registered Participants who returned Long Term Transmission Right are entitled to receive a remuneration equal to the value of the returned Long Term Transmission Rights set during the relevant subsequent Auction(s) calculated for each hour as follows:

CHAPTER 9

Curtailment

Article 56

Triggering events and consequences of curtailment on Long Term Transmission Rights

1. Long Term Transmission Rights irrespectively of the Product Period may be curtailed in the event of Force Majeure, or to ensure operation remains within Operational Security Limits before the Firmness Deadlines specified in Article 58.
2. Curtailment may be applied on allocated Long Term Transmission Rights including, where the case may be, on nominated Physical Transmission Rights.
3. Long Term Transmission Rights may be curtailed after the Firmness Deadline in the case of Force Majeure or emergency situation. For the avoidance of doubt, Long Term Transmission Rights when curtailed after the Firmness Deadline shall be curtailed in the same way as day-

ahead and intraday capacity and compensated in accordance with the applicable legislation.

4. Each Registered Participant affected by curtailment shall lose its right to transfer, return or nominate for physical use the concerned Physical Transmission Rights or to receive remuneration based on the Use- It-Or-Sell-It principle.
5. In case of curtailment, the affected Registered Participant is entitled to receive reimbursement or compensation according to Article 59 to Article 60 and where applicable Article 61.

Article 57

Process and notification of curtailment

1. In all cases curtailment shall be carried out by the Allocation Platform based on a request by one or more TSO(s) at the bidding zone border where Long Term Transmission Rights have been allocated.
2. The Allocation Platform shall notify the affected holders of Long Term Transmission Rights as soon as possible of a curtailment of Long Term Transmission Rights including the triggering event via electronic means as specified by the Allocation Platform on its website and on the webpage of the Allocation Platform. The notification shall identify the affected Long Term Transmission Rights, the affected volume in MW per hour for each concerned period, the triggering events for curtailment as described in Article 56 and the amount of Long Term Transmission Rights that remain after the curtailment.
3. The description of the triggering event shall include information on exact operational security limit(s) that are expected to be violated in the absence of curtailment, the TSO(s) invoking the curtailment, and why alternative measures are not sufficient to avoid the expected violation of operational security limit(s). If this information is not available at the same time as the curtailment information concerning the affected Long Term Transmission Rights and the affected volume in MW per hour for each concerned period, TSOs shall submit a first notification with the available information and update the curtailment information including required detail concerning the triggering event within 24 hours after the initial notification.
4. The Allocation Platform shall publish the triggering events for curtailment in accordance with Article 56 including their estimated duration on its website as soon as possible.
5. The curtailment shall be applied to Long Term Transmission Rights of the concerned periods on a pro rata basis, which means in proportion to the held Long Term Transmission Rights, regardless of the time of allocation.
6. In the event of curtailments of Physical Transmission Rights after the nomination deadline, and as long as the capacity has not been reallocated in the day-ahead allocation, the curtailment shall be applied on a pro rata basis to both nominated and not nominated Physical Transmission Rights.
7. Compensation rules according to Article 59 to Article 60 and where applicable Article 61 also

apply if offered day-ahead Cross Zonal Capacities are lower than the amount of non-nominated Long Term Transmission Rights in case of Physical Transmission Rights.

8. For each affected Registered Participant, remaining Long Term Transmission Rights which have not been curtailed shall be rounded down to the nearest MW. The same rounding applies for the curtailment of both nominated and non-nominated Physical Transmission Rights according to paragraph 4 of this Article.
9. In cases of curtailment, any transfer of Long Term Transmission Rights to be curtailed, which is not yet accepted by the transferee, shall be automatically cancelled and the transferor shall remain the holder of the Long Term Transmission Rights. If the transfer has already been notified to the Allocation Platform and accepted by the transferee, the compensation or reimbursement for curtailed Long Term Transmission Rights shall be paid to the transferee.
10. The Allocation Platform shall cancel all notifications for return of Long Term Transmission Rights that have been accepted for a subsequent long term Auction for which curtailment is necessary and for which the final Auction Specifications have not yet been published. By this cancellation, the Long Term Transmission Rights are given back to the Long Term Transmission Right holders that have requested the return. If the final Auction Specification has already been published the return shall not be cancelled and the compensation or reimbursement for curtailed Long Term Transmission Rights shall be paid to the holder who returned the Long Term Transmission Rights.

Article 58

Firmness deadline

The Allocation Platform shall publish on its website and take into account for the calculation of compensation for curtailed Long Term Transmission Rights the Firmness Deadlines of 09:00 a.m. on the 1st day preceding the delivery day.

Article 59

Compensation for curtailments to ensure operation remains within Operational Security Limits before the Firmness Deadline

1. In cases of curtailment to ensure operation remains within Operational Security Limits before the Firmness Deadline the compensation for each affected hour and Registered Participant shall be calculated as the Long Term Transmission Rights in MW per hour corresponding to the difference between the allocated Long Term Transmission Rights held by the Registered Participant before and after the curtailment multiplied by the Loss Adjusted Day Ahead Market Spread Clearing Price of the Day Ahead explicit auction;

Where positive, the market spread between the GB and Belgian bidding zones for the relevant hour(s) shall be adjusted to reflect DC losses on the Interconnector such that:

If $GBDAMP > BEDAMP$, $LADAMS = (1-LF/2) * GBDAMP - (1+LF/2) * BEDAMP$

If $BEDAMP > GBDAMP$, $LADAMS = (1-LF/2) * BEDAMP - (1+LF/2) * GBDAMP$

For the avoidance of doubt, no remuneration will be due where the LADAMS is negative or zero.

LADAMS is the Loss Adjusted Day Ahead Market Spread meaning 100% of the difference of power exchange prices on the British and Belgian day ahead markets less an adjustment to take into account direct current losses on the interconnector;

BEDAMP is the Belgian Day Ahead Market Price resulting from the single day ahead coupling or, in the event that the single day ahead coupling process is unable to produce results for the Belgian Bidding Zone, the day ahead reference price applicable in the Belgian Bidding Zone pursuant to the Belgian Multi-NEMO Agreement (MNA);

GB DAMP is the GB Day Ahead Market Price and is calculated using volume weighted day ahead data received from the EPEX SPOT and N2EX power market exchanges and published by EMR Settlement Limited as the Intermittent Market Reference Price (IMRP). In the event a single GB Day Ahead price is published in GB, this will replace IMRP as the GBDAMP reference price.

LF is the Loss Factor as published on the Nemo Link website.

2. The compensation payable in respect of Long Term Transmission Rights shall be subject to monthly caps. The cap shall be determined as the total amount of Congestion Income collected in the relevant month, deducting all remunerations and compensations paid for the considered month. The total amount of Congestion Income in one month is defined as the sum of a twelfth of the revenues raised at yearly Auction, and a third of the revenues raised at quarterly auction, and the revenues generated by the monthly auction and congestion income from other timeframes which occurred during this month.

The cap is calculated according to the formula:

$$\begin{aligned}
 &\text{Cap for compensation for network security} \\
 &= \left(\frac{\text{Yearly income}}{12} + \frac{\text{Seasonal income}}{6} + \frac{\text{Quarterly income}}{3} \right. \\
 &\quad \left. + \text{Any other long term income} + \text{Daily income} + \text{Intraday income} \right) \\
 &\quad - (\text{UIOSI} + \text{Remuneration of FTRs} + \text{Return of LTTRs} \\
 &\quad + \text{Compensation for curtailment for emergency situation} \\
 &\quad + \text{Compensation for curtailment for force majeure})
 \end{aligned}$$

Article 60

Reimbursement for curtailments due to Force Majeure before the Firmness Deadline

1. In the case of Force Majeure before the Firmness Deadline, holders of curtailed Long Term Transmission Rights shall be entitled to receive a reimbursement equal to the price of the Long Term Transmission Rights set during the Long Term Transmission Rights Allocation Process, which for each affected hour and Registered Participant shall be calculated as:
 - a. the Marginal Price of the initial Auction multiplied by

- b. the volume in MW per hour corresponding to the difference between the Long Term Transmission Rights held by the Registered Participant before and after the curtailment.
2. The compensation payable in respect of Long Term Transmission Rights shall be subject to monthly caps. The cap shall be determined as the total amount of Congestion Income collected in the relevant month, deducting all remunerations and compensations paid for the considered month. The total amount of Congestion Income in one month is defined as the sum of a twelfth of the revenues raised at yearly Auction, and a third of the revenues raised at quarterly auction, and the revenues generated by the monthly auction and congestion income from other timeframes which occurred during this month.

Article 61

Reimbursement or compensation for curtailments due to Force Majeure or emergency situation after the Firmness Deadline

1. In the event of Force Majeure or an emergency situation after the Firmness Deadline, holders of curtailed Long Term Transmission Rights shall be entitled to receive a reimbursement equal to the price of the Long Term Transmission Rights set during the Long Term Transmission Rights Allocation Process, which for each affected hour and Registered Participant shall be calculated as:
 - a. The Clearing Price of the Day Ahead Explicit Auction; or
 - b. the Marginal Price of the initial Auction in case the Day Ahead Explicit Auction is not held; or
 - c. in case the Marginal Price of the initial Auction cannot be identified, the weighted average of Marginal Prices of all the Auctions for which the Registered Participant holds Long Term Transmission Rights where the weight is given by Long Term Transmission Rights which the Registered Participant holds before the curtailment; multiplied by
 - d. the volume in MW per hour corresponding to the difference between the Long Term Transmission Rights held by the Registered Participant before and after the curtailment.
2. The compensation payable in respect of Long Term Transmission Rights shall be subject to monthly caps. The cap shall be determined as the total amount of Congestion Income collected in the relevant month, deducting all remunerations and compensations paid for the considered month. The total amount of Congestion Income in one month is defined as the sum of a twelfth of the revenues raised at yearly Auction, and a third of the revenues raised at quarterly auction, and the revenues generated by the monthly auction and congestion income from other timeframes which occurred during this month.

until the date on which the payment is done. The interest shall be equal to the highest amount of:

CHAPTER 11

Miscellaneous

Article 68

Duration and amendment of Allocation Rules

1. The Allocation Rules are of indefinite duration and are subject to amendment in accordance with this Article. These Allocation Rules and any amendments thereof shall be consulted upon subject to paragraph 7 of this Article, proposed by the relevant TSOs and enter into force in accordance with the applicable national regulatory regime. The Allocation Platform shall publish the amended Allocation Rules and send an amendment notice to Registered Participants.
2. Subject to paragraph 7 of this Article, an amendment shall enter into force at the date and time specified in the amendment notice but not earlier than thirty (30) calendar days after the amendment notice is sent to Registered Participants by the Allocation Platform.
3. Each amendment shall apply to all aspects of these Allocation Rules, including but not limited to all Auctions conducted after the date on which the amendment takes effect.
4. Unless expressly stated otherwise by the Allocation Platform the amended Allocation Rules shall govern all rights and obligations in connection with these Allocation Rules including those acquired before the date of amendment but with the delivery date after the amendment takes effect.
5. Any amendment of these Allocation Rules shall apply automatically to the Participation Agreement in force between the Allocation Platform and the Registered Participant, without the need for the Registered Participant to sign a new Participation Agreement but without prejudice to the Registered Participant's right to request the termination of its Participation Agreement in accordance with Article 72(1). By participating in the Auction after the Registered Participant was informed about the changes and/or adaptations of the Allocation Rules and after these changes and/or adaptations of the Allocation Rules entered into force, it is deemed that the Registered Participant has accepted the changed, i.e. the valid and effective version of the Allocation Rules.
6. The Allocation Rules and the border and /or regional specific annexes included thereto shall be periodically reviewed by the Allocation Platform and the relevant TSOs at least every two years involving the Registered Participants. In case the relevant TSOs consider the

amendment of these Allocation Rules as a result of this review, the procedure described in this Article shall apply. This biennial review is without prejudice of the competence of National Regulatory Authorities to request at any time amendments of the Allocation Rules and the annexes included thereto in accordance with the existing legislation.

7. These Allocation Rules are subject to the legislation prevailing at the time at which they take effect. In the event that there is a change in the national legislation or any action by national competent authorities which have an effect on these Allocation Rules and/or their annexes then, notwithstanding any other provision of these Allocation Rules, the Allocation Rules shall be amended accordingly and pursuant to this Article.
8. For the purposes of the approval or the future amendment of bidding zone border specific requirements of these Allocation Rules, only the NRAs of the respective bidding zone border will have to state their explicit approval. Non-concerned NRA(s) of these Allocation Rules will be duly informed.

Article 69 **Liability**

1. The Allocation Platform and the Registered Participants are solely responsible for the fulfilment of any obligation they undertake or are subject to and which arises from or is in connection with the Allocation Rules and the Participation Agreement.
2. Subject to any other provisions of these Allocation Rules the Allocation Platform shall only be liable for damages caused by:
 - a. fraud, gross negligence or willful misconduct.
 - b. death or personal injury arising from its negligence or that of its employees, agents or subcontractors.
3. A Registered Participant shall indemnify and keep indemnified the Allocation Platform and its officers, employees and agents from and against any and all loss or liability (including legal costs) related to a damage that it has caused, which any of them may suffer or incur by reason of any claim by any third party on account of any and all loss (whether direct or indirect) suffered by the claimant or any of the claimant's officers, agents, subcontractors or employees in connection with these Allocation Rules.
4. The Allocation Platform and each Registered Participant acknowledges and agrees that it holds the benefit of paragraph 3 of this Article for itself and as trustee and agent for its officers, employees and agents.
5. The Registered Participant shall be solely responsible for its participation in Auctions including but not limited to the following cases:
 - a. the timely arrival of Bids and transfer and return notifications by the Registered Participant;
 - b. technical failure of the information system on the side of the Registered

Participant preventing the communication via the channels foreseen in accordance with these Allocation Rules.

6. In case of remuneration in accordance with Article 48 or curtailment compensation due to Force Majeure or in order to ensure operation remains within Operational Security Limits or in emergency situation in accordance with Article 59 and Article 60 and Article 61 or in accordance with any regional or border specific annex Registered Participants shall not be entitled to other compensation than the compensation described in these Allocation Rules.
7. The Registered Participant shall be liable with respect to any sanctions, penalties, or charges that may be imposed by financial authorities on the Allocation Platform for incorrect tax treatment due to wrong or incomplete information provided by the Registered Participant.
8. This Article survives the termination of the Registered Participant's Participation Agreement.

Article 70 **Dispute resolution**

1. Without prejudice to paragraphs 6 and 8 of this Article, where there is a dispute the Allocation Platform and the Registered Participant shall first seek amicable settlement through mutual consultation pursuant to paragraph 2. For this purpose, the Party raising the dispute shall send a notification to the other party indicating:
 - a. the existence of a Participation Agreement between the Parties;
 - b. the reason for the dispute; and
 - c. a proposal for a future meeting, physical or not, with a view to settle the dispute amicably.
2. The Parties shall meet within twenty (20) Working Days after the matter has been referred to them and seek to resolve the dispute. If no agreement is reached or no response received within a period of thirty (30) Working Days from the date of the aforementioned notification, either Party may refer the matter to the senior management of the Parties to resolve the dispute pursuant to paragraph 3.
3. The senior representative of each of the Allocation Platform and the Registered Participant with authority to resolve the dispute shall meet within twenty (20) Working Days of a request to meet and seek to resolve the dispute. If the representatives are unable to resolve the dispute within twenty (20) Working Days of the meeting or such longer time as may be agreed then the dispute shall be determined by arbitration in accordance with paragraph 4.
4. Where a dispute is to be referred to arbitration under paragraph 3, either the Allocation Platform or the Registered Participant may give notice to the other stating the nature of the dispute and referring the dispute to arbitration. Arbitration shall be conducted in accordance with the Rules of Arbitration of the Chamber of Commerce (ICC). The arbitration shall be conducted before one (1) arbitrator to be nominated upon agreement of the Parties unless a Party requests the appointment of three (3) arbitrators. In case of one (1) arbitrator, the Parties shall agree on the nomination of the arbitrator within two (2) months after the notice

was given by the Party referring the dispute to arbitration. If no agreement can be found, the arbitrator shall be appointed by the ICC Court. In case of three (3) arbitrators the claimant shall nominate one (1) arbitrator and the respondent shall nominate one (1) arbitrator. The arbitrators nominated by each Party shall then nominate the chairman of the arbitral tribunal within three (3) Working Days from the confirmation of the appointment of the second arbitrator by the respondent. If the arbitrators nominated by each party cannot agree on the appointment of the chairman, the chairman shall be appointed by the ICC Court. The arbitration shall take place in the location of the Allocation Platform unless otherwise defined in the Participation Agreement and in accordance with the governing law of these Allocation Rules while the language of the arbitration proceedings shall be English. The emergency arbitrator provisions according to the Rules of Arbitration of the Chamber of Commerce shall not apply but the interim or injunctive relief measures under the governing law shall apply.

5. Arbitration awards shall be final and binding on the Allocation Platform and the relevant Registered Participant as from the date that they are made. The Allocation Platform and the Registered Participant shall carry out any award of an arbitration relating to any dispute without delay and each waive their right to any form of appeal or recourse to a court of law or other judicial authority, in so far as such waiver may validly be made.
6. Notwithstanding paragraphs 3 and 4 of this Article, the Parties may jointly agree to apply court proceedings instead of arbitration to settle a dispute arisen in connection with these Allocation Rules.
7. In cases of late payment and notwithstanding Article 67 and paragraphs 1 to 4 of this Article, a Party may bring court proceedings against the other Party for any amount due under or in connection with these Allocation Rules and unpaid for more than twenty (20) Working Days after the date the amounts were due.
8. The Parties agree that proceedings referred to in paragraph 6 or paragraph 7 may be brought in any competent court to hear such claim. The Registered Participant irrevocably waives any objection which it may have now or hereafter regarding the venue of such proceedings in any competent court and any claim that any such proceedings have been brought in an inconvenient forum.
9. Notwithstanding any reference to amicable settlement, expert resolution or arbitration under this Article, the Allocation Platform and the Registered Participant shall continue to perform their respective obligations under these Allocation Rules and the Registered Participant's Participation Agreement.
10. This Article survives the termination of the Registered Participant's Participation Agreement.

Article 71

Suspension of the Participation Agreement

1. The Allocation Platform may by notice to the Registered Participant suspend temporarily the Registered Participant's rights in connection with these Allocation Rules with immediate effect if the Registered Participant commits a major breach of an obligation in connection

with these Allocation Rules which may have a significant impact to the Allocation Platform as follows:

- a. if a Registered Participant fails to pay any amount properly due and owing to the Allocation Platform pursuant to Article 67;
 - b. if a Registered Participant fails to provide and maintain collaterals in accordance with Article 25;
 - c. any breach which may have a significant financial impact to the Allocation Platform;
 - d. the Allocation Platform has reasonable grounds to believe that the Registered Participant no longer satisfies one or more of any other conditions to participate in Auctions according to these Allocation Rules unless termination applies according to Article 72; and
 - e. if the Registered Participant is under economic and trade sanctions which may have a significant impact to the Allocation Platform.
2. In any case of a minor breach in relation to these Allocation Rules such as but not limited to the failure of the Registered Participant to notify a change in the submitted information in accordance with Article 9, the Allocation Platform may by notice to the Registered Participant inform the Registered Participant's that its rights in connection with these Allocation Rules may be suspended unless the Registered Participant remedies the suspension event in the time period specified in the notice. The suspension shall take effect when the period specified for remedy has elapsed without that such remedy has taken place. After the suspension takes effect in accordance with paragraphs 1 and 2 of this Article, the suspended Registered Participant may no longer participate in an Auction or in the transfer or return of Long Term Transmission Rights and unless the payment of the Long Term Transmission Right is fully settled or fully secured by collaterals by the suspended Registered Participant, the suspended Registered Participant shall not be entitled to use Long Term Transmission Rights according to CHAPTER 7. For the avoidance of doubt, the Long Term Transmission Rights which the Registered Participant is prohibited from using as a result of such suspension may be offered by the Allocation Platform in subsequent Auctions and the Allocation Platform shall not return the remuneration for Long Term Transmission Rights in accordance with Article 48.
3. The Allocation Platform may withdraw a notice under paragraphs 1 or 2 of this Article at any time. Having given a notice under paragraphs 1 or 2 of this Article, the Allocation Platform may give a further or other notice at any time in respect of the same or a different suspension event.
4. Once the Registered Participant has fulfilled or remedied the suspension event as notified to it in the notice sent by the Allocation Platform, the Allocation Platform shall reinstate as soon as reasonably practicable the Registered Participant's already allocated future rights in relation to Long Term Transmission Rights and its ability to participate in Auctions and/or the transfer and return of Long Term Transmission Rights by written notice to the Registered Participant. As from the date of effect of the reinstatement, the Long Term Transmission Rights allocated prior to the suspension and which remain unused may be nominated in the

case of Physical Transmission Rights and the Registered Participant may participate in Auctions and/or the transfer and return of Long Term Transmission Rights and is entitled to receive remuneration for Long Term Transmission Rights in accordance with Article 48.

5. If the Allocation Platform gives a notice to a Registered Participant under paragraph 1 or 2 of this Article, such notice of suspension does not relieve the Registered Participant from its payment obligations under CHAPTER 10, including its payment obligations in relation to the Long Term Transmission Rights for which the Registered Participant loses the right of use pursuant to paragraph 2. For the avoidance of doubt and only in the event of a suspension in accordance with Article 71 paragraph 1 (e), the Registered Participant is entitled to receive all or part of the amount paid of the original product. The Allocation Platform shall perform the return of the amount paid for the original product following the approval of the transfer by the Allocation Platform's banking partner.

Article 72

Termination of the Participation Agreement

1. A Registered Participant may at any time request the Allocation Platform to terminate the Participation Agreement to which the Registered Participant is a Party. The termination shall take effect after thirty (30) Working Days upon receipt of the termination request by the Allocation Platform and if all outstanding payment obligations are settled.
2. A Registered Participant may terminate the Participation Agreement to which the Registered Participant is a Party for good cause when the Allocation Platform has committed a major breach of an obligation connected with these Allocation Rules or the Participation Agreement in the following cases:
 - a. where the Allocation Platform repeatedly fails to pay any amount properly due and owing to the Registered Participant with a significant financial impact;
 - b. where there is a significant breach of the confidentiality obligations in accordance with Article 75.

The Registered Participant shall send a notice to the Allocation Platform stating the reason for termination and giving the Allocation Platform twenty (20) Working Days to remedy the breach. Unless the Allocation Platform remedies the breach within the abovementioned deadline, the termination shall take effect immediately upon expiration of such deadline. A holder of Long Term Transmission Rights whose Participation Agreement is terminated under this paragraph is under no obligation to pay remaining instalments for the Long Term Transmission Rights' and is entitled to a refund to the extent that any instalment includes an amount in respect of use after the date of termination, to be calculated pro-rata from the date termination takes effect.

3. If any of the termination events in paragraph 4 occurs in relation to a Registered Participant, the Allocation Platform may by notice to the Registered Participant terminate the Participation Agreement, including the Registered Participant's rights connected with these Allocation Rules. A termination under this paragraph takes effect from the time of the notice or any later time specified in it. The Registered Participant may not at a later stage enter

into the Participation Agreement with the Allocation Platform until the circumstances of termination continue to exist or it is not sufficiently guaranteed that the breach may not occur again.

4. The termination events referred to in paragraph 3 shall be the following:
 - a. if the rights of the Registered Participant are suspended for longer than thirty (30) Working Days;
 - b. if a Registered Participant does not qualify for the participation in the Auction as set forth in Article 10;
 - c. if a Registered Participant repeatedly breaches these Allocation Rules or a Participation Agreement, whether or not the breach is capable of remedy;
 - d. if a competent authority (i) determines that the Registered Participant has committed a misuse or fraudulent act and (ii) requests the Allocation Platform to terminate the Participation Agreement to which such Registered Participant is a Party or (iii) agrees that the Allocation Platform has reasonable grounds to believe that the Registered Participant has committed a misuse or fraudulent act in participating in Auctions and transfer/return of Long Term Transmission Rights; or
 - e. if the Registered Participant has taken any action which may lead to the damaging or reduction in effectiveness of the Auction Tool (it being understood that such an action is deemed to happen in case of any behaviour that can be assimilated to an attack on the information system such as, but not limited to, deny of service, spam, virus, brute forcing, Trojan horse attack).
5. After the termination takes effect in accordance with paragraphs 1 to 3 of this Article and from that time, the Registered Participant may no longer participate in an Auction or in the transfer or return of Long Term Transmission Rights it has acquired. CHAPTERS 5,6 and 7 shall not apply to such acquired Long Term Transmission Rights. For the avoidance of doubt, the Long Term Transmission Rights, which the Registered Participant is prohibited from using as a result of termination, may be offered by the Allocation Platform in subsequent Auctions and the Allocation Platform shall not return the remuneration for Long Term Transmission Rights in accordance with Article 48.
6. Termination of a Participation Agreement does not affect any rights and obligations under or in connection with the Participation Agreement and these Allocation Rules which arose prior to that termination unless otherwise specified in this Article. Accordingly, any Registered Participant whose Participation Agreement is terminated will remain liable, subject to and in accordance with the Allocation Rules, in respect of all such rights and liabilities. This paragraph shall apply without prejudice to other remedies available to the Allocation Platform under these Allocation Rules.

Article 73
Force Majeure

1. The Allocation Platform or a Registered Participant, which invokes Force Majeure, shall promptly send to the other Party a notification describing the nature of Force Majeure and its probable duration and shall continue to furnish reports with respect thereto with reasonable frequency during the period of Force Majeure. The Party invoking the Force Majeure shall make every possible effort to limit the consequences of the Force Majeure.
2. The affected obligations, duties and rights of a Party subject to Force Majeure shall be suspended from the beginning of Force Majeure, with the exception of the confidentiality provisions in accordance with Article 75.
3. Suspension under paragraph 2 is subject to the following:
 - a. suspension will be of no greater scope and of no longer duration than is required by the Force Majeure;
 - b. the suspension applies only for so long as the Party invoking to Force Majeure is using reasonable efforts to remedy their inability to perform.
4. The consequences of a Force Majeure event, which is not subject to any discussion or litigation between the Allocation Platform and the Registered Participant, are:
 - a. the Party invoking Force Majeure cannot be held responsible to pay compensation for any damage suffered, due to the non-performance or partial performance of all or any of its obligations during the Force Majeure and when such non-performance or partial performance is due directly to Force Majeure;
 - b. the acquired Long Term Transmission Rights which have been entirely paid and become subject to Force Majeure are reimbursed for the duration of the Force Majeure in accordance with any applicable legislation and these Allocation Rules; and
 - c. where the Long Term Transmission Rights' holder is the party claiming the Force Majeure event, the Allocation Platform may, for its own benefit, reallocate the holder's Long Term Transmission Rights to the subsequent Auctions and for the duration of the Force Majeure event.
5. If the Force Majeure continues for a period longer than six (6) months, the Allocation Platform or each Registered Participant may, by notice to the other given at any time while the Force Majeure continues beyond that period, unilaterally terminate the Participation Agreement. The termination shall take effect ten (10) Working Days after the notice is given or any later date specified in the notice. A holder of Long Term Transmission Rights whose Participation Agreement is terminated under this paragraph is under no obligation to pay remaining instalments for the Long Term Transmission Rights' and is entitled to a refund to the extent that any instalment includes an amount in respect of use after the date of termination, to be calculated pro-rata from the date termination takes effect.

6. For avoidance of doubt this Article is without prejudice to the provisions of CHAPTER 9 regarding the curtailment of Long Term Transmission Rights.

Article 4

Minimum technical requirements to Nominate

1. PTR Holders must comply at all times with the applicable Information System Rules.
2. The Nomination Platform is a web-based application, therefore the minimum technical requirement for a PTR Holder to Nominate is to have internet access.

Article 5

Description of the Nomination process

1. The PTR Holders are entitled to Nominate PTRs acquired pursuant to the Nemo Link Non-IEM Long Term Allocation Rules. Such Nominations shall be issued at Mid-Interconnector and on a per direction and per Market Time Unit basis. The Nominations are subject to the terms and conditions of these PTR Nomination Rules and as specified in the Nemo Link Non-IEM Long Term Allocation Rules (including curtailment).

2. PTR Holders must comply with the Business Rules and all Nominations shall be subject to such Business Rules. In the event of any conflict between the Business Rules and the main body of these PTR Nomination Rules then the Business Rules shall prevail.
3. PTR Holders will only be entitled to Nominate long term PTRs allocated under the Nemo Link Non-IEM Long Term Allocation Rules to the extent provided for under these PTR Nomination Rules.
4. For each hour in a Contract Day for which a Rights Document has been issued by the Allocation Platform, each PTR Holder may Nominate the PTR to the Nomination Platform at mid-interconnector (as defined in the applicable Business Rules) up to but not exceeding the amount set out in the Rights Document in the relevant direction in that hour ("**Mid-Interconnector Nomination**").
5. For the avoidance of doubt, the Nomination Platform will reject a Nomination in its entirety for the Contract Day where the corresponding Mid-Interconnector Nomination(s) in one or more hours exceed(s) the PTR Holder's rights set out in the applicable Rights Document(s).
6. The Mid-Interconnector Nomination for each hour in the Contract Day must be expressed in whole MW, with a single value, greater than or equal to zero, for each hour.
7. Mid-Interconnector Nominations shall not be subject to any modification by the PTR Holder after the Nomination Gate.
8. In the absence of a Nomination by a PTR Holder in a direction, the corresponding Mid-Interconnector Nominations are assumed to be equal to zero.

Article 6

Nomination timings

1. PTR Holders can submit Long-Term Mid-Interconnector Nominations of PTRs for Contract Day D, from opening of the Nomination Gate at 13:30 CE(S)T on the day D-2 until the closure of the Nomination Gate at 08:45 CE(S)T on day D-1.
2. Under exceptional circumstances Registered Participants will be informed of new timings where these situations arise at the earliest opportunity.

Article 7

Format of nomination and communication

1. Each Registered Participant must notify its Nominations electronically to the Nomination Platform. The Nomination Platform supports two ways of communication of Nominations:
 - a. Web form interface;
 - b. Web services communication.
2. Nominations shall be submitted in the formats specified in the Information System Rules and pursuant to any other technical recommendations provided via the Nomination Platform to the Registered Participants.

3. The Nomination Platform will acknowledge receipt of each Nomination to the relevant Registered Participant by a message indicating that the Nomination has been correctly registered.
4. Only Nominations confirmed via the Nomination Platform (or by a TSO pursuant to Article 7 paragraph 5) as correctly registered shall be valid.
5. In the event of a problem of communication between a PTR Holder and the Nomination Platform the PTR Holder may contact Nemo Link to request, in respect of Nominations periods for which Nomination Gate closure has not occurred, the possibility to send applicable Nominations by email to the single point of contact as determined by Nemo Link.

TITLE 3

Miscellaneous

Article 8

Effective date and application

The Non-IEM PTR Nomination Rules described in this document shall apply when the Nemo Link Non-IEM Long Term Allocation Rules are applicable.

Article 9

Additional Nomination Information

1. Cancellation of a Nomination Gate;
 - a. In the event of technical difficulties with the Nomination Platform, the Nomination Platform may cancel a Nomination Gate. In that case, the Nomination Platform shall inform all affected PTR Holders as soon as practicable of such cancellation and in any event before the Nomination Gate closure, and all affected PTRs shall be considered as non-Nominated and accordingly the PTR Holders shall be remunerated by Nemo Link for the non-Nomination of such PTRs as follows:
 - i. The remuneration shall be calculated as the difference between the volumes stated in the Rights Document and the final volumes nominated and accepted by Nemo Link multiplied by the Marginal Price of the daily Auction at which that Physical Transmission Right was reallocated, for the concerned hourly period.
 - ii. Where no reference price is calculated for the daily allocation timeframe for the Long Term Transmission Rights, remuneration shall be the Marginal Price of the initial Auction.
 - b. With respect to Nemo Link's obligation to remunerate any individual PTR Holder Nemo Link shall be deemed to have satisfied such obligation in full by procuring payment of the applicable remuneration by the Allocation Platform to such individual PTR Holder in accordance with the provisions of the Nemo Link Non-IEM Long Term Allocation Rules.
2. Treatment of Nominations following curtailment:

- a. In the case of curtailment due to Force Majeure or to ensure that operation remains within Operational Security Limits ahead of the Long-Term Nomination Gate Closure, the Rights Documents will be updated and the following will apply:
 - i. Where a PTR Holder has already issued a Nomination above its updated Rights Document, the Nomination Platform will automatically reduce the Nomination in line with the updated Rights Document and inform the PTR Holder of such reduction.
 - ii. Where a PTR Holder has not issued a Nomination above its updated Rights Document, then the original Nomination will be retained.
 - iii. Where a PTR Holder has not issued a Nomination and where re-Nomination is greater than the updated Rights Document then the rule in Article 5(5) shall apply.
 - b. In the case of any update of Rights Documents between the Long Term Nomination Gate Closure and the day-ahead firmness deadline the nominations submitted by the PTR Holders may be curtailed in accordance with the procedure described in the Nemo Link Non-IEM Long Term Allocation Rules.
3. Default Nominations:
- a. Default Nominations can be activated by a PTR Holder for Long-Term Nominations. Where a default Nomination is activated, all Mid-Interconnector Nominations will be automatically generated at the value set out in the Rights Document for each hour of that Contract Day.
 - b. The registered default Nomination is considered as a schedule of Mid-Interconnector Nomination submitted by a PTR Holder at the opening of the Nomination Gate. This Mid-Interconnector Nomination is considered as valid once confirmed as such by the Nomination Platform or by Nemo Link.
 - c. A PTR Holder may modify the Mid-Interconnector Nomination resulting from the default Nomination within the Nomination Gate in accordance with the normal Nomination process.
 - d. A PTR Holder may deactivate its default Nomination on the Nomination Platform at any time. Where such deactivation is received by the Nomination Platform after the Nomination Gate, any existing valid Mid-Interconnector Nomination resulting from a Default Nomination remains unchanged.
4. Deemed Metered Volumes:
- a. When a PTR Holder submits a valid Mid-Interconnector Nomination, then the Nomination Platform will ensure that a corresponding Deemed Metered Volume, adjusted for losses on the applicable Interconnector and for any reductions in Mid-Interconnector Nominations as a result of curtailment pursuant to the Nemo Link

Non-IEM Long Term Allocation Rules, is allocated to the relevant PTR Holder using the allocation rules set out in the applicable Business Rules.

Article 10

Amendment of the nomination rules

Any amendment to the present proposal shall be subject to consultation and approval by the relevant regulatory authorities.

Article 11

Liability

1. Nemo Link and each PTR Holder is solely and individually responsible for the fulfilment of any obligation they undertake or are subject to and which arises from or is in connection with the Nomination Rules and the Nomination Participation Agreement.
2. Subject to any other provisions of the Nomination Rules Nemo Link shall only be liable for damages caused by:
 - a. fraud, gross negligence or wilful misconduct.
 - b. death or personal injury arising from its negligence or that of its employees, agents or subcontractors.
3. A PTR Holder shall indemnify and keep indemnified Nemo Link and its officers, employees and agents from and against any and all loss or liability (including legal costs) related to a damage that it has caused, which (i) any of them may suffer or (ii) incur by reason of any claim by any third party on account of any and all loss (whether direct or indirect) suffered by the claimant or any of the claimant's officers, agents, subcontractors or employees in connection with the Nomination Rules and the PTR Holder's use of the Nomination Platform.
4. Nemo Link and each PTR Holder acknowledges and agrees that it holds the benefit of paragraph 3 of this Article for itself and as trustee and agent for its officers, employees and agents.
5. The PTR Holder shall be solely responsible for its participation in Nominations including but not limited to the following cases:
 - a. the timely submission of Notifications by the PTR Holder;
 - b. technical failure of the information system on the side of the PTR Holder preventing the communication via the channels foreseen in accordance with the Nomination Rules.
6. PTR Holders shall not be entitled to compensation for breach of the Nomination Rules other than the remuneration described in Article 9(1) of the Nomination Rules and for damages relating to those causes set out in paragraph 2 above.
7. In addition to paragraph 3 of this article, the PTR Holder shall be liable to Nemo Link with respect to any sanctions, penalties, or charges that may be imposed by financial authorities

on Nemo Link for incorrect tax treatment due to wrong or incomplete information provided by the Registered Participant.

8. This Article survives the termination of the PTR Holder's Nomination Participation Agreement.

Article 12

Dispute Resolution

1. Without prejudice to paragraphs 6 and 7 of this article, where there is a dispute Nemo Link and the PTR Holder shall first seek amicable settlement through mutual consultation pursuant to paragraph 2 below. For this purpose, the party raising the dispute shall send a notification to the other party indicating:
 - a. the existence of a Nomination Participation Agreement between the disputing parties;
 - b. the reason for the dispute; and
 - c. a proposal for a future meeting, physical or not, with a view to settle the dispute amicably.
2. The Parties shall meet within twenty (20) Working Days after the matter has been referred to them and seek to resolve the dispute. If no agreement is reached or no response received within a period of thirty (30) Working Days from the date of the aforementioned notification, either Party may refer the matter to the senior management of the Parties to resolve the dispute pursuant to paragraph 3.
3. The senior representative of Nemo Link and the PTR Holder with authority to resolve the dispute shall meet within twenty (20) Working Days of a request to meet and seek to resolve the dispute. If the representatives are unable to resolve the dispute within twenty (20) Working Days of the meeting or such longer time as may be agreed then the dispute shall be determined by arbitration in accordance with paragraph 4.
4. Where a dispute is to be referred to arbitration under paragraph 3, either Nemo Link or the PTR Holder may give notice to the other stating the nature of the dispute and referring the dispute to arbitration. Arbitration shall be conducted in accordance with the Rules of Arbitration of the Chamber of Commerce (ICC). The arbitration shall be conducted before one (1) arbitrator to be nominated upon agreement of the Parties unless a Party requests the appointment of three (3) arbitrators. In case of one (1) arbitrator, the Parties shall agree on the nomination of the arbitrator within two (2) months after the notice was given by the Party referring the dispute to arbitration. If no agreement can be found, the arbitrator shall be appointed by the ICC Court. In case of three (3) arbitrators the claimant shall nominate one (1) arbitrator and the respondent shall nominate one (1) arbitrator. The arbitrators nominated by each Party shall then nominate the chairman of the arbitral tribunal within three (3) Working Days from the confirmation of the appointment of the second arbitrator by the respondent. If the arbitrators nominated by each party cannot agree on the appointment of the chairman, the chairman shall be appointed by the ICC Court. The arbitration shall take place in the location of Nemo Link's premises unless otherwise defined in the Nomination Participation Agreement and in accordance with the governing law of these Nomination Rules while the language of the arbitration proceedings shall be English. The emergency arbitrator

provisions according to the Rules of Arbitration of the Chamber of Commerce shall not apply but the interim or injunctive relief measures under the governing law shall apply.

5. Arbitration awards shall be final and binding on Nemo Link and the relevant PTR Holder as from the date that they are made. Nemo Link and the Registered Participant shall carry out any award of an arbitration relating to any dispute without delay and each waive their right to any form of appeal or recourse to a court of law or other judicial authority, in so far as such waiver may validly be made.
6. Notwithstanding paragraphs 3 and 4 of this Article, the parties may jointly agree to apply court proceedings instead of arbitration to settle a dispute arisen in connection with the Nomination Rules.
7. The Parties agree that proceedings referred to in paragraph 6 may be brought in any competent court to hear such claim. The PTR Holder irrevocably waives any objection which it may have now or hereafter regarding the venue of such proceedings in any competent court and any claim that any such proceedings have been brought in an inconvenient forum.
8. Notwithstanding any reference to amicable settlement, or arbitration under this Article, Nemo Link and the Registered Participant shall continue to perform their respective obligations under the Nomination Rules and the PTR Holder's Nomination Participation Agreement.
9. This Article survives the termination of the Registered Participant's Nomination Participation Agreement.

Article 13 **Force Majeure**

1. Nemo Link or a PTR Holder, which invokes Force Majeure, shall promptly send to the other party a notification describing the nature of Force Majeure and its probable duration and shall continue to furnish reports with respect thereto with reasonable frequency during the period of Force Majeure. The party invoking the Force Majeure shall make every possible effort to limit the consequences of the Force Majeure.
2. The affected obligations, duties and rights of a party subject to Force Majeure shall be suspended from the beginning of Force Majeure, with the exception of the confidentiality provisions in accordance with Article 15.
3. Suspension under paragraph 2 is subject to the following:
 - a. suspension will be of no greater scope and of no longer duration than is required by the Force Majeure;
 - b. the suspension applies only for so long as the Party invoking to Force Majeure is using reasonable efforts to remedy their inability to perform.
4. The consequences of a Force Majeure event, which is not subject to any discussion or litigation between Nemo Link and the PTR Holder, are:

- a. the party invoking Force Majeure cannot be held responsible to pay compensation for any damage suffered, due to the non-performance or partial performance of all or any of its obligations under the Nomination Rules during the Force Majeure and when such non-performance or partial performance is due directly to Force Majeure;
5. If the Force Majeure continues for a period longer than six (6) months, Nemo Link or each PTR Holder may, by notice to the other given at any time while the Force Majeure continues beyond that period, unilaterally terminate the Nomination Participation Agreement. The termination shall take effect ten (10) Working Days after the notice is given or any later date specified in the notice.

Article 14

Notices

1. Unless otherwise expressly provided in the Nomination Rules, all notices or other communications shall be in writing between Nemo Link and each PTR Holder and shall be sent to the email address and if not possible, by letter and marked for the attention of the other Party's representative as set out in the applicable Nomination Participation Agreement.
2. All notices or other communications shall be given by letter delivered by hand against receipt or sent by registered mail or courier in the following cases:
 - a. the conclusion of the Nomination Participation Agreement;
 - b. the suspension and termination of the Nomination Participation Agreement.
3. All notices or other communications shall be deemed to have been received:
 - a. in the case of delivery by hand, when delivered against receipt; or
 - b. in the case of recorded delivery prepaid post, on the day following the recorded day of delivery; or
 - c. in the case of email, when delivered to the other party but only if an acknowledgement of receipt is requested and obtained by the party sending the e-mail.
4. If a notice or other communication has been received outside normal Working Hours on a Working Day, it is deemed to have been received at the opening of business on the next Working Day.

Article 15

Confidentiality

1. The Nomination Participation Agreement and any other information exchanged relating to its preparation and the application of a market participant shall be considered as confidential.
2. Nemo Link and each PTR Holder who is a recipient of confidential information in relation to these Nomination Rules shall preserve the confidentiality of such information and shall not directly or indirectly reveal, report, publish, disclose, transfer or use any item of the

confidential information otherwise than for the purpose for which it was disclosed.

3. Notwithstanding paragraph 2 of this Article, Nemo Link or a PTR Holder may disclose confidential information of the disclosing party to a third party with the other party's prior consent expressed in writing and subject to the condition that the receiving party has given assurance that such third party is bound by equivalent confidentiality obligations as set out in the Nomination Rules directly enforceable by the other party.
4. Notwithstanding paragraph 2 of this Article Nemo Link or a PTR Holder may disclose confidential information of a disclosing party:
 - a. to the extent expressly permitted or contemplated by the Nomination Rules;
 - b. to any person who is one of the directors, officers, employees, agents, advisers or insurers of the recipient and who needs to know the confidential information in connection with the Nomination Rules;
 - c. as far as required in order to comply with applicable national or EU legislation such as, but not limited to, REGULATION (EU) No 1227/2011 and REGULATION (EU) No 543/2013 or any other relevant European or national regulatory, legislative or administrative acts such as grid codes;
 - d. as far as required by a competent regulatory authority, court, arbitrator or administrative tribunal or an expert in the course of proceedings before it to which the recipient is a party;

 - f. as far as required in order to obtain clearances or consents from a competent authority (including the National Regulatory Authorities).
5. Moreover, the obligations arising from this Article shall not apply:
 - a. if the party which receives the information can prove that at the time of disclosure, such information was already publicly available;
 - b. if the receiving party provides proof that, since the time of disclosure, the said information has been legally received from a third party or has become publicly available;
 - c. to confidential information communicated, in accordance with the legal and regulatory provisions, in an incorporated form from which no item of information specific to a market participant can be deduced;
 - d. to information whose publication is explicitly provided for by the present Nomination Rules.
6. The obligations of confidentiality in this Article shall remain valid for a period of five (5) years after termination of a PTR Holder's Nomination Participation Agreement.

7. The signature of a Nomination Participation Agreement and the exchange of confidential information do not confer any rights to patents, knowledge or any other form of intellectual property concerning information or tools made available or sent by one Party to the other under the terms of the Nomination Rules.

Article 16

Article 17

Assignment and Subcontracting

1. Nemo Link may assign, novate or otherwise transfer any of its rights or obligations under a Nomination Participation Agreement or the Nomination Rules to another party. Nemo Link shall notify an affected PTR Holder of the change by sending an email with acknowledgment of receipt as soon as possible and in any event at least ten (10) Working Days before the date on which the change takes effect.
2. A PTR Holder may not assign, novate or otherwise transfer any of its rights or obligations under its Nomination Participation Agreement(s) or the Nomination Rules without the prior written consent of the Nemo Link.
3. Nothing in this Article shall prevent Nemo Link or PTR Holder from entering into a subcontracting agreement in relation to the Nomination Rules. Entry into a subcontracting agreement by a PTR Holder does not relieve the Registered Participant of any obligation or liability under its Nomination Participation Agreement(s) or the Nomination Rules.

Article 18

Intellectual Property

No party shall acquire any right, title, licence or interest in or to any intellectual property rights of the other party in connection with the Nomination Rules.

Article 19

Except as expressly provided in the Nomination Rules, nothing contained or implied in the Nomination Rules constitutes or is deemed to constitute Nemo Link or a Registered Participant, the partner, agent or legal representative of the other for any purpose whatsoever or to create or be deemed to create any partnership, agency or trust between Nemo Link and a PTR Holder.
2. The PTR Holder acknowledges that neither Nemo Link nor any person acting on behalf of or associated with Nemo Link makes any representation, gives any advice or gives any warranty or undertaking of any kind in respect of the Nomination Rules, the Nomination Participation Agreements or the disclosed information or otherwise in relation to or in connection with the Nomination Rules, the Nomination Participation Agreements and the disclosed information or arrangement contemplated by the Nomination Rules, the Nomination Participation

Agreements and the disclosed information except as specifically provided in these Nomination Rules or a Nomination Participation Agreement.

Article 20

Article 21

Waiver

1. No omission to exercise or delay in exercising any right, power or remedy provided by law or under the Nomination Rules shall impair or constitute a waiver of such or any other right, power or remedy. No single or partial exercise of any such right, power or remedy precludes or impairs any other or further exercise thereof or the exercise of any other right, power or remedy provided by law or under the Nomination Rules.
2. Any waiver of any right, power or remedy under the Nomination Rules must be in writing and may be given subject to any conditions thought fit by the grantor. Unless otherwise expressly stated, any waiver is effective only in the instance and only for the purpose for which it is given.

Article 22

Remedies Exclusive

The rights and remedies provided by the Nomination Rules and the applicable Nomination Participation Agreement to Nemo Link and each PTR Holder are exclusive and not cumulative and, to the extent permissible by law, shall exclude and be in place of all substantive (but not procedural) rights or remedies expressed or implied and provided by law or statute in respect of the subject matter of the Nomination Rules and the applicable Nomination Participation Agreement. Accordingly, Nemo Link and each PTR Holder hereby waives to the fullest extent possible all such rights and remedies provided by law or statute, and releases each other of them if it is liable to any other of them, its officers, employees and agents to the same extent from all duties, liabilities, responsibilities or obligations provided by law or statute in respect of the matters dealt with in the Nomination Rules and the Nomination Participation Agreement and undertakes not to enforce any of the same except as expressly provided herein.

Annex
Business Rules for Nemo Link Interconnector
Deemed Metered Volume Allocation

Introduction

When a PTR Holder submits a valid Mid-Interconnector Nomination, then the Nomination Platform will ensure that a corresponding Deemed Metered Volume, adjusted for losses on the Interconnector and for any reductions in Mid-Interconnector Nominations as a result of curtailment, is allocated to the relevant PTR Holder using the Deemed Metered Volume allocation rules set out in this annex.

1. Losses

The Deemed Metered Volume will be adjusted for losses according to paragraph 3 below.

The Loss Factor to be applied is referred to in the Border Specific Annex for the Nemo Link Interconnector of the Allocation Rules. If there is a requirement to change the Loss Factor at any time, then Registered Participants shall be notified at least five (5) Business Days before the change is to take effect.

2. Adjustment for losses

In the following formulas “DMV” means the Deemed Metered Volume calculated for that Registered Participant for that Settlement Period and “LF” represent the Loss Factor.

For the purpose of the Balancing and Settlement Code, the Nomination Platform will send to the Settlement Administration Agent (SAA) (as defined in the Balancing and Settlement Code) a program called BM Unit Metered Volume (BMUMV) expressed in kWh at Richborough in half-hourly points and calculated by this formula:

- a. for a BM Unit in the direction from Belgium to England:

$$\text{BMUMV} = (1 - \text{LF}/2) * \text{DMV}; \text{ and}$$

- b. for a BM Unit in the direction from England to Belgium:

$$\text{BMUMV} = (1 + \text{LF}/2) * \text{DMV}.$$

For the purpose of the Elia imbalance settlement arrangements and for an export from Belgium to England, the Nomination Platform will send to Elia a notification of the energy to be allocated to the Energy Accounts of the PTR Holders in the form of a program expressed in MW at Zeebrugge with an Hourly or Quarter-Hourly time resolution and calculated by this formula:

$$\text{Export BE to GB} = (1 + \text{LF}/2) * \text{DMV}$$

For the purpose of the Elia imbalance settlement arrangements and for an import from England to Belgium, the Nomination Platform will send to Elia a notification of the energy to be allocated to the Energy Accounts of the PTR Holders in the form of a program expressed in MW at Zeebrugge with a Hourly or Quarter-Hourly time resolution and calculated by this formula:

$$\text{Import GB to BE} = (1 - \text{LF}/2) * \text{DMV}.$$

This notification will be sent to Elia after the Nomination Gate Closure and will be updated and resent to Elia with a new version of the file in case of nomination curtailments. Elia will adjust the Energy Accounts (this is the BRP perimeters) of the Registered Participants in the Elia Local Hub in accordance with aforementioned notification received from the Nomination Platform.

Article 29
Default Bid

1. The Registered Participant has the option to place default Bids for Auctions.
2. A default Bid, once identified as such by the Registered Participant, shall apply automatically to each subsequent relevant Auction as defined by the Registered Participant when placing the default Bid. At the opening of a relevant Bidding Period, the registered default Bid shall be considered as a Bid submitted by the Registered Participant for the relevant Auction. This Bid shall be considered as a delivered Bid when the Allocation Platform sends an acknowledgment of receipt to the Registered Participant.
3. If a default Bid Quantity or a quantity calculated as a sum of the Bid Quantity for several default Bids submitted for the same Auction by a Registered Participant exceeds the final Offered Capacity, the Bids with the lowest Bid Price shall be rejected one (1) by one (1) until the total allowed Bid Quantity is lower than or equal to the Offered Capacity.
4. A Registered Participant who wants to modify a default Bid for a future Auction shall change the Bid Quantity and the Bid Price of its default Bids before the applicable Auction Bidding Period opening.
5. A Registered Participant not wishing to submit the default Bid on the Auction Tool for future Auctions can cancel its default Bids before the subsequent Auction Bidding Period opening.

Article 30

Default Bid for Fallback Auction

1. In case an auction cannot take place, a Fallback Auction will be triggered by using default bids.
2. A default Bid shall apply automatically in simulation of an Auction as set forth in Article 42. The registered default Bid shall be considered as a Bid submitted by the Registered Participant for the relevant Fallback Auction. This Bid shall be considered as delivered when the Allocation Platform sends an acknowledgment of receipt to the Registered Participant.
3. If a default Bid Quantity or a quantity calculated as a sum of the Bid Quantity for several default Bids submitted for the Fallback Auction by a Registered Participant exceeds the Offered Capacity used for Auction simulation as set forth in Article 42, the Bids with the lowest Bid Price shall be rejected one by one until the total allowed Bid Quantity is reached.
4. A Registered Participant who wants to modify a default Bid for a Fallback Auction shall change the Bid Quantity and the Bid Price of its default Bids.
5. A Registered Participant not wishing to submit the default Bid for Fallback Auction can cancel its default Bids.

Article 31

Credit Limit verification

1. Upon submission by a Registered Participant of a Bid or set of Bids to the Auction Tool the Allocation Platform shall check whether the maximum payment obligations connected with that Registered Participant's registered Bid(s) calculated according to paragraphs 3 and 4 of this Article at the time of Bid(s) submission exceed the Credit Limit. If the maximum payment obligation connected with such registered Bids exceed the Credit Limit, the Allocation Platform shall issue automatically via the Auction Tool a warning to the Registered Participant to modify the Credit Limit. Bids shall not be rejected automatically if the maximum payment obligation attributed to registered Bids exceeds the Credit Limit at Bid submission but only after the process described in paragraph 2 of this Article.
2. At closure of the Bidding Period the Allocation Platform shall check again whether the maximum payment obligations connected with registered Bids calculated according to paragraph 4 of this Article exceed the Credit Limit. If the maximum payment obligations connected with these Bids exceed the Credit Limit, these Bids, starting with the Bid with the lowest Bid Value, shall be one (1) by one (1) excluded, until the maximum payment obligations are less than or equal to the Credit Limit. The Allocation Platform may apply additional criteria or rules to decide which Bid shall be rejected. Such additional criteria or rules shall be included in the information System Rules and shall be one or more from the following:
 - a. chronological submission (time stamp); and/or
 - b. Bid identification assigned by the Auction Tool; and/or
 - c. rejection of all relevant Bids with the same Bid Price.
3. The Allocation Platform shall indicate insufficient collaterals as the reason for the Bid exclusion in the Auction results notification to the Registered Participant.

4. The Allocation Platform shall continuously assess all the Bids irrespective to which Auction and direction they are submitted. In case of Bids connected with various and overlapping Auctions the Allocation Platform shall consider all calculated maximum payment obligations as outstanding payment obligations according to Article 21.
5. For the calculation of the maximum payment obligations related to the Bidding Zone border and direction the Allocation Platform shall sort the registered Bids of a Registered Participant by Bid Price in descending order (merit-order). Bid 1 shall be the Bid with the highest Bid Price and Bid n shall be the Bid with the lowest Bid Price. The Allocation Platform shall calculate the maximum payment obligations according to the following equation:

$$MPO = \sum_{hours} \text{Max} \left[\text{Bid Price (1)} * \text{Bid Quantity (1)}; \text{Bid Price (2)} * \sum_{i=1}^{n-1} \text{Bid Quantity (i)}; \dots; \text{Bid Price (n-1)} * \sum_{i=1}^{n-1} \text{Bid Quantity (i)}; \text{Bid Price (n)} * \sum_{i=1}^n \text{Bid Quantity (i)} \right]$$

6. When calculating the maximum payment obligations according to paragraph 4 of this Article, the Allocation Platform shall also take into account the increase of the maximum payment obligations with applicable taxes and levies in force.

The Allocation Platform shall publish additional explanatory information on the optimization function of the algorithm on its website.
4. The Allocation Platform shall determine the Marginal Price per direction based on the following criteria:

- a. if the total quantity of Cross Zonal Capacity for which valid Bids have been submitted is lower than or equal to the relevant Offered Capacity for the relevant Auction, then the Marginal Price shall be zero;
 - b. if the total quantity of Cross Zonal Capacity for which valid Bids have been submitted exceeds the relevant Offered Capacity for the relevant Auction, the Marginal Price shall be set at the lowest Bid(s) Price(s) allocated in full or in part using the respective Offered Capacities.
5. If two (2) or more Registered Participants have submitted for one direction valid Bids with the same Bid Price, that cannot be accepted in full for the total requested quantity of Transmission Rights, the Allocation Platform shall determine the winning Bids and the quantity of the allocated Transmission Rights per Registered Participant as follows:
 - a. the Cross Zonal Capacity available for the Bids which set the Marginal Price shall be divided equally between the number of the Registered Participants which submitted these Bids;
 - b. in case the quantity of Transmission Rights requested by a Registered Participant at Marginal Price is lower than or equal to the share calculated according to item (a) above, the request of this Registered Participant shall be fully satisfied;
 - c. in case the requested quantity of Transmission Rights by a Registered Participant at Marginal Price exceeds the share calculated according to item (a) above, the request of this Registered Participant shall be satisfied up to the amount of the share as calculated according to item (a) above;

6. Whenever the calculation set forth in paragraphs 3 to 5 of this Article does not result in a whole MW amount in accordance with Article 27 paragraph 1(f), the Transmission Rights shall be rounded down to the nearest full MW. The case when the Transmission Rights allocated to individual Registered Participants are equal to zero after rounding shall not impact the Marginal Price determination.
7. The Transmission Rights are deemed to have been allocated to a Registered Participant from the moment the Registered Participant has been informed of the Results and the contestation period is closed in accordance with Article 34. In the event that the Auction was not successfully performed, the fallback procedures as set forth in CHAPTER 6 shall apply.

CHAPTER 9

Miscellaneous

Article 55

Duration and amendment of Allocation Rules

1. The Allocation Rules are of indefinite duration and are subject to amendment in accordance with this Article. These Allocation Rules and any amendments thereof shall be consulted upon subject to paragraph 7 of this Article proposed by the relevant TSOs, and enter into force in accordance with the GB and Belgian regulatory regimes. The Allocation Platform shall publish the amended Allocation Rules and send an amendment notice to Registered Participants
2. Subject to Article 4, an amendment shall enter into force at the date and time specified in the amendment notice but not earlier than thirty (30) calendar days after the amendment notice is sent to Registered Participants by the Allocation Platform.
3. Each amendment shall apply to all aspects of these Allocation Rules, including but not limited to all Auctions conducted after the date on which the amendment takes effect.
4. Unless expressly stated otherwise by the Allocation Platform the amended Allocation Rules shall govern all rights and obligations in connection with these Allocation Rules including those acquired before the date of amendment but with the delivery date after the amendment takes effect.
5. Any amendment of these Allocation Rules shall apply automatically to the Participation Agreement in force between the Allocation Platform and the Registered Participant, without the need for the Registered Participant to sign a new Participation Agreement but without prejudice to the Registered Participant's right to request the termination of its Participation Agreement in accordance with Article 59. By participating in the Auction after the Registered Participant was informed about the changes and/or adaptations of the Allocation Rules and after these changes and/or adaptations of the Allocation Rules entered into force, it is deemed that the Registered Participant has accepted the changed, i.e. the valid and effective version of the Allocation Rules.
6. The Daily Allocation Rules and annexes thereto shall be periodically reviewed by the Allocation Platform and the relevant TSOs at least every two years involving the Registered Participants. In case the relevant TSOs consider the amendment of these Allocation Rules as a result of this review, the procedure described in this Article shall apply. This biennial review is without prejudice of the competence of GB or Belgian Regulatory Authorities to request at any time amendments of the Allocation Rules and the annexes included thereto in accordance with the existing legislation.
7. These Allocation Rules are subject to the legislation prevailing at the time at which they take effect. In the event that there is a change in relevant legislation or any action by relevant

competent authorities which have an effect on these Allocation Rules and/or their annexes then, notwithstanding any other provision of these Allocation Rules, the Allocation Rules shall be amended accordingly and pursuant to this Article.

Article 56

Liability

1. The Allocation Platform and the Registered Participants are solely responsible for the fulfilment of any obligation they undertake or are subject to and which arises from or is in connection with the Allocation Rules and the Participation Agreement.
2. Subject to any other provisions of these Allocation Rules the Allocation Platform shall only be liable for damages caused by:
 - a. fraud, gross negligence or wilful misconduct.
 - b. death or personal injury arising from its negligence or that of its employees, agents or subcontractors.
3. A Registered Participant shall indemnify and keep indemnified the Allocation Platform and its officers, employees and agents from and against any and all loss or liability (including legal costs) related to a damage that it has caused, which any of them may suffer or incur by reason of any claim by any third party on account of any and all loss (whether direct or indirect) suffered by the claimant or any of the claimant's officers, agents, subcontractors or employees in connection with these Allocation Rules.
4. The Allocation Platform and each Registered Participant acknowledges and agrees that it holds the benefit of paragraph 3 of this Article for itself and as trustee and agent for its officers, employees and agents.
5. The Registered Participant shall be solely responsible for its participation in Auctions including but not limited to the following cases:
 - a. the timely arrival of Bids and transfer and return notifications by the Registered Participant;
 - b. technical failure of the information system on the side of the Registered Participant preventing the communication via the channels foreseen in accordance with these Allocation Rules.
6. In case of curtailment compensation due to Force Majeure or emergency situation in accordance with Article 48 Registered Participants shall not be entitled to other compensation than the compensation described in these Allocation Rules.
7. The Registered Participant shall be liable with respect to any sanctions, penalties, or charges that may be imposed by financial authorities on the Allocation Platform for incorrect tax treatment due to wrong or incomplete information provided by the Registered Participant.
8. This Article survives the termination of the Registered Participant's Participation Agreement.

Article 57
Dispute resolution

1. Without prejudice to paragraphs 6 and 8 of this Article, where there is a dispute the Allocation Platform and the Registered Participant shall first seek amicable settlement through mutual consultation pursuant to paragraph 2. For this purpose, the Party raising the dispute shall send a notification to the other party indicating:
 - a. the existence of a Participation Agreement between the Parties;
 - b. the reason for the dispute; and
 - c. a proposal for a future meeting, physical or not, with a view to settle the dispute amicably.
2. The Parties shall meet within twenty (20) Working Days after the matter has been referred to them and seek to resolve the dispute. If no agreement is reached or no response received within a period of thirty (30) Working Days from the date of the aforementioned notification, either Party may refer the matter to the senior management of the Parties to resolve the dispute pursuant to paragraph 3.
3. The senior representative of each of the Allocation Platform and the Registered Participant with authority to resolve the dispute shall meet within twenty (20) Working Days of a request to meet and seek to resolve the dispute. If the representatives are unable to resolve the dispute within twenty (20) Working Days of the meeting or such longer time as may be agreed then the dispute shall be determined by arbitration in accordance with paragraph 4.
4. Where a dispute is to be referred to arbitration under paragraph 3, either the Allocation Platform or the Registered Participant may give notice to the other stating the nature of the dispute and referring the dispute to arbitration. Arbitration shall be conducted in accordance with the Rules of Arbitration of the Chamber of Commerce (ICC). The arbitration shall be conducted before one (1) arbitrator to be nominated upon agreement of the Parties unless a Party requests the appointment of three (3) arbitrators. In case of one (1) arbitrator, the Parties shall agree on the nomination of the arbitrator within two (2) months after the notice was given by the Party referring the dispute to arbitration. If no agreement can be found, the arbitrator shall be appointed by the ICC Court. In case of three (3) arbitrators. The claimant shall nominate one (1) arbitrator and the respondent shall nominate one (1) arbitrator. The arbitrators nominated by each Party shall then nominate the chairman of the arbitral tribunal within three (3) Working Days from the confirmation of the appointment of the second arbitrator by the respondent. If the arbitrators nominated by each party cannot agree on the appointment of the chairman, the chairman shall be appointed by the ICC Court. The arbitration shall take place in the location of the Allocation Platform unless otherwise defined in the Participation Agreement and in accordance with the governing law of these Allocation Rules while the language of the arbitration proceedings shall be English. The Emergency arbitrator provisions according to the Rules of Arbitration of the Chamber of Commerce shall not apply but the interim or injunctive relief measures under the governing law shall apply.

5. Arbitration awards shall be final and binding on the Allocation Platform and the relevant Registered Participant as from the date that they are made. The Allocation Platform and the Registered Participant shall carry out any award of an arbitration relating to any dispute without delay and each waive their right to any form of appeal or recourse to a court of law or other judicial authority, in so far as such waiver may validly be made.
6. Notwithstanding paragraphs 3 and 4 of this Article, the Parties may jointly agree to apply court proceedings instead of arbitration to settle a dispute arisen in connection with these Allocation Rules.
7. In cases of late payment and notwithstanding Article 53 and paragraphs 1 to 4 of this Article, a Party may bring court proceedings against the other Party for any amount due under or in connection with these Allocation Rules and unpaid for more than twenty (20) Working Days after the date the amounts were due.
8. The Parties agree that proceedings referred to in paragraph 6 may be brought in any competent court to hear such claim. The Registered Participant irrevocably waives any objection which it may have now or hereafter regarding the venue of such proceedings in any competent court and any claim that any such proceedings have been brought in an inconvenient forum.
9. Notwithstanding any reference to amicable settlement, expert resolution or arbitration under this Article, the Allocation Platform and the Registered Participant shall continue to perform their respective obligations under these Allocation Rules and the Registered Participant's Participation Agreement.
10. This Article survives the termination of the Registered Participant's Participation Agreement.

Article 58

Suspension of the Participation Agreement

1. The Allocation Platform may by notice to the Registered Participant suspend temporarily the Registered Participant's rights in connection with these Allocation Rules with immediate effect if the Registered Participant commits a major breach of an obligation in connection with these Allocation Rules which may have a significant impact to the Allocation Platform as follows:
 - a. if a Registered Participant fails to pay any amount properly due and owing to the Allocation Platform pursuant to Article 54;
 - b. if a Registered Participant fails to provide and maintain collaterals in accordance with Article 23;
 - c. any breach which may have a significant financial impact to the Allocation Platform;
 - d. the Allocation Platform has reasonable grounds to believe that the Registered Participant no longer satisfies one or more of any other conditions to participate in Auctions according to these Allocation Rules unless termination applies according to Article 59; and

- e. if the Registered Participant is under economic and trade sanctions which may have a significant impact to the Allocation Platform.
2. In any case of a minor breach in relation to these Allocation Rules such as but not limited to the failure of the Registered Participant to notify a change in the submitted information in accordance with Article 8, the Allocation Platform may by notice to the Registered Participant inform the Registered Participant's that its rights in connection with these Allocation Rules may be suspended unless the Registered Participant remedies the suspension event in the time period specified in the notice. The suspension shall take effect when the period specified for remedy has elapsed without that such remedy has taken place. After the suspension takes effect in accordance with paragraphs 1 and 2 of this Article, the suspended Registered Participant may no longer participate in an Auction and, unless the payment of the Transmission Right is fully settled or fully secured by collaterals by the suspended Registered Participant, the suspended Registered Participant shall not be entitled to use Transmission Rights according to CHAPTER 5.
3. The Allocation Platform may withdraw a notice under paragraphs 1 or 2 of this Article at any time. Having given a notice under paragraphs 1 or 2 of this Article, the Allocation Platform may give a further or other notice at any time in respect of the same or a different suspension event.
4. Once the Registered Participant has fulfilled or remedied the suspension event as notified to it in the notice sent by the Allocation Platform, the Allocation Platform shall reinstate as soon as reasonably practicable the Registered Participant's rights in relation to its ability to participate in Auctions by written notice to the Registered Participant. As from the date of effect of the reinstatement, the Transmission Rights allocated prior to the suspension and which remain unused may be nominated and the Registered Participant may participate in Daily Auctions.
5. If the Allocation Platform gives a notice to a Registered Participant under paragraph 1 or 2 of this Article, such notice of suspension does not relieve the Registered Participant from its payment obligations under CHAPTER 8.

Article 59

Termination of the Participation Agreement

1. A Registered Participant may at any time request the Allocation Platform to terminate the Participation Agreement to which the Registered Participant is a Party. The termination shall take effect after thirty (30) Working Days upon receipt of the termination request by the Allocation Platform and if all outstanding payment obligations are settled.
2. A Registered Participant may terminate the Participation Agreement to which the Registered Participant is a Party for good cause when the Allocation Platform has committed a major breach of an obligation connected with these Allocation Rules or the Participation Agreement in the following cases:
 - a. where the Allocation Platform repeatedly fails to pay any amount properly due and owing to the Registered Participant with a significant financial impact;

- b. where there is a significant breach of the confidentiality obligations in accordance with Article 62.
 - c. The Registered Participant shall send a notice to the Allocation Platform stating the reason for termination and giving the Allocation Platform twenty (20) Working Days to remedy the breach. Unless the Allocation Platform remedies the breach within the abovementioned deadline, the termination shall take effect immediately upon expiration of such deadline.
- 3. If any of the termination events in paragraph 4 occurs in relation to a Registered Participant, the Allocation Platform may by notice to the Registered Participant terminate the Participation Agreement, including the Registered Participant's rights connected with these Allocation Rules. A termination under this paragraph takes effect from the time of the notice or any later time specified in it. The Registered Participant may not at a later stage enter into the Participation Agreement with the Allocation Platform until the circumstances of termination continue to exist or it is not sufficiently guaranteed that the breach may not occur again.
- 4. The termination events referred to in paragraph 3 shall be the following:
 - a. if the rights of the Registered Participant are suspended for longer than thirty (30) Working days;
 - b. if a Registered Participant does not qualify for the participation in the Auction as set forth in Article 9;
 - c. if a Registered Participant repeatedly breaches these Allocation Rules or a Participation Agreement, whether or not the breach is capable of remedy;
 - d. if a competent authority (i) determines that the Registered Participant has committed a misuse or fraudulent act and (ii) requests the Allocation Platform to terminate the Participation Agreement to which such Registered Participant is a Party or (iii) agrees that the Allocation Platform has reasonable grounds to believe that the Registered Participant has committed a misuse or fraudulent act in participating in Auctions; or
 - e. if the Registered Participant has taken any action which may lead to the damaging or reduction in effectiveness of the Auction Tool (it being understood that such an action is deemed to happen in case of any behaviour that can be assimilated to an attack on the information system such as, but not limited to, deny of service, spam, virus, brute forcing, Trojan horse attack).
- 5. After the termination takes effect in accordance with paragraphs 1 to 3 of this Article and from that time, the Registered Participant may no longer participate in an Auction. CHAPTER 5 shall not apply to such acquired Transmission Rights. For the avoidance of doubt, the Transmission Rights, which the Registered Participant is prohibited from using as a result of termination, may be offered by the Allocation Platform in subsequent Auctions.
- 6. Termination of a Participation Agreement does not affect any rights and obligations under

or in connection with the Participation Agreement and these Allocation Rules which arose prior to that termination unless otherwise specified in this Article. Accordingly, any Registered Participant whose Participation Agreement is terminated will remain liable, subject to and in accordance with the Allocation Rules, in respect of all such rights and liabilities. This paragraph shall apply without prejudice to other remedies available to the Allocation Platform under these Allocation Rules.

Article 60

The Party invoking the Force Majeure shall make every possible effort to limit the consequences of the Force Majeure.
2. The affected obligations, duties and rights of a Party subject to Force Majeure shall be suspended from the beginning of Force Majeure, with the exception of the confidentiality provisions in accordance with Article 62.
3. Suspension under paragraph 2 is subject to the following:
 - a. suspension will be of no greater scope and of no longer duration than is required by the Force Majeure;
 - b. the suspension applies only for so long as the Party invoking Force Majeure is using reasonable efforts to remedy their inability to perform.
4. The consequences of a Force Majeure event, which is not subject to any discussion or litigation between the Allocation Platform and the Registered Participant, are:
 - a. the Party invoking Force Majeure cannot be held responsible to pay compensation for any damage suffered, due to the non-performance or partial performance of all or any of its obligations during the Force Majeure and when such non-performance or partial performance is due directly to Force Majeure;
 - b. the acquired Transmission Rights which have been entirely paid and become subject to Force Majeure are reimbursed for the duration of the Force Majeure in accordance with any applicable legislation and these Allocation Rules; and
 - c. where the Transmission Rights' holder is the party claiming the Force Majeure event, the Allocation Platform may, for their own benefit, reallocate the holder's Transmission Rights to the subsequent Auctions and for the duration of the Force Majeure event.
5. If the Force Majeure continues for a period longer than six (6) months, the Allocation Platform or each Registered Participant may, by notice to the other given at any time while the Force Majeure continues beyond that period, unilaterally terminate the Participation Agreement. The termination shall take effect ten (10) Working Days after the notice is given

or any later date specified in the notice.

6. For avoidance of doubt this Article is without prejudice to the provisions of CHAPTER 7 regarding the curtailment of Transmission Rights.

Provided that a Bid or a set of Bids fulfils the requirements set forth in Articles 28 and 29, the Allocation Platform shall confirm to the Registered Participant that such Bid(s) have been correctly registered by acknowledgment of receipt via a message on the Auction Tool. If the Allocation Platform does not issue an acknowledgment of receipt for a Bid, such Bid shall be deemed not to have been registered.
- 3. The Allocation Platform shall notify a Registered Participant whose Bid is rejected as invalid and the reason for this rejection, without undue delay after the Bid is rejected.
- 4. The Allocation Platform shall maintain a record of all valid Bids received.
- 5. Each valid Bid registered at closure of the Bidding Period shall constitute an unconditional and irrevocable offer by the Registered Participant to the Allocation Platform to buy Intraday Transmission Rights up to the Bid Quantity and at prices up to the Bid Price and under the terms and conditions of these Allocation Rules and the relevant Auction Specification.

Article 30 **Default Bid**

- 1. The Registered Participant has the option to place default Bids for Auctions.
- 2. A default Bid, once identified as such by the Registered Participant, shall apply automatically to each subsequent and relevant Auction as defined by the Registered Participant when placing the default Bid. At the opening of a relevant Bidding Period, the registered default Bid shall be considered as a Bid submitted by the Registered Participant for the relevant Auction. This Bid shall be considered as a delivered Bid when the Allocation Platform sends an acknowledgment of receipt to the Registered Participant.

3. If a default Bid Quantity or a quantity calculated as a sum of the Bid Quantity for several default Bids submitted for the same Auction by a Registered Participant exceeds the final Offered Capacity, the Bids with the lowest Bid Price shall be rejected one by one until the total allowed Bid Quantity is reached.
4. A Registered Participant who wants to modify a default Bid for a future Auction shall change the Bid Quantity and the Bid Price of its default Bids before the respective Auction Bidding Period opening.
5. A Registered Participant not wishing to submit the default Bid on the Auction Tool for future Auctions can cancel its default Bids before the subsequent Auction Bidding Period opening.

Article 31

Credit Limit verification

1. Upon submission by a Registered Participant of a Bid or set of Bids to the Auction Tool the Allocation Platform shall check whether the maximum payment obligations (MPO) connected with that Registered Participant's registered Bid(s) calculated according to paragraph 4 and 5 of this Article at the time of Bid(s) submission exceed the Credit Limit. If the maximum payment obligation connected with the registered Bids exceed the Credit Limit, the Allocation Platform shall issue automatically via the Auction Tool a warning to the Registered Participant to modify the Credit Limit. Bids shall not be rejected automatically if the maximum payment obligation attributed to registered Bids exceeds the Credit Limit at Bid submission but only after the process described in paragraph 2 of this Article.
2. At closure of the Bidding Period the Allocation Platform shall confirm again whether the maximum payment obligations connected with registered Bids calculated according to paragraph 5 of this Article exceed the Credit Limit. If the maximum payment obligations connected with these Bids exceed the Credit Limit, these Bids, starting with the Bid with the lowest Bid Value, shall be one (1) by one (1) excluded, until the maximum payment obligations are less than equal to the Credit Limit. The Allocation Platform may apply additional criteria or rules to decide which Bid shall be rejected. Such additional criteria or rules shall be included in the information System Rules and shall be one or more from the following:
 - a. chronological submission (time stamp); and/or
 - b. Bid identification assigned by the Auction Tool; and/or
 - c. rejection of all relevant Bids with the same Bid Price.
3. The Allocation Platform shall indicate the insufficient collaterals as the reason for the Bid exclusion in the Auction results notification to the Registered Participant.
4. The Allocation Platform shall continuously assess all the Bids irrespectively to which Auction and with regard to which Bidding Zone border and direction they are submitted. In case of Bids connected with various and overlapping Auctions the Allocation Platform shall consider all calculated maximum payment obligations as outstanding payment obligations according to Article 21.

5. For calculation of maximum payment obligation (MPO) related to one Bidding Zone border and direction the Allocation Platform shall sort the registered Bids of a Registered Participant by Bid Price in descending order (merit-order). Bid 1 shall be the Bid with the highest Bid Price and Bid n shall be the Bid with the lowest Bid Price. The Allocation Platform shall calculate the maximum payment obligation according to the following equation:

$$MPO = \sum_{hours} \left[\begin{aligned} &Max \left[Bid\ Price\ (1) * Bid\ Quantity\ (1); Bid\ Price\ (2) \right. \\ &\quad * \sum_{i=1}^2 Bid\ Quantity\ (i); \dots \dots; Bid\ Price\ (n-1) \\ &\quad \left. * \sum_{i=1}^{n-1} Bid\ Quantity\ (i); Bid\ Price\ (n) * \sum_{i=1}^n Bid\ Quantity\ (i) \right] \end{aligned} \right]$$

6. When calculating the maximum payment obligations according to paragraph 5 of this Article, the Allocation Platform shall also take into account the increase of the maximum payment obligations with applicable taxes and levies in force.

Article 32

Auction Results Determination

1. After the expiration of the Bidding Period for an Auction and the Credit Limit verification pursuant to Article 31, the Allocation Platform shall determine the Auction results and allocate Intraday Transmission Rights in accordance with this Article.

The Allocation Platform shall publish additional explanatory information on the optimisation function of the algorithm on its website.
4. The Allocation Platform shall determine the Marginal Price at each Bidding Zone border and direction based on the following criteria:
 - a. if the total quantity of Cross Zonal Capacity for which valid Bids have been submitted is lower than or equal to the relevant Offered Capacity for the relevant Auction, then the Marginal Price shall be zero;

- b. if the total quantity of Cross Zonal Capacity for which valid Bids have been submitted exceeds the relevant Offered Capacity for the relevant Auction, the Marginal Price shall be set at the lowest Bid(s) Price(s) allocated in full or in part using the respective Offered Capacities.
- 5. If two (2) or more Registered Participants have submitted for one Bidding Zone border and direction valid Bids with the same Bid Price, that cannot be accepted for the total requested quantity of Intraday Transmission Rights, the Allocation Platform shall determine the winning Bids and the quantity of the allocated Intraday Transmission Rights per Registered Participant as follows:
 - a. the Cross Zonal Capacity available for the Bids which set the Marginal Price shall be divided by the number of the Registered Participants which submitted these Bids;
 - b. in case the quantity of Intraday Transmission Rights requested by a Registered Participant at Marginal Price is lower or equal than the share calculated according to item (a) above, the request of this Registered Participant shall be fully satisfied;
 - c. in case the requested quantity of Intraday Transmission Rights by a Registered Participant at Marginal Price exceeds the share calculated according to item (a) above, the request of this Registered Participant shall be satisfied up to the amount of the share as calculated according to item (a) above;
 - d. any remaining Cross Zonal Capacity after the allocation according to items (b) and (c) shall be divided by the number of the Registered Participants whose requests have not been fully satisfied and allocated to them applying the process described in items (a), (b) and (c) above.
- 6. Whenever the calculation set forth in paragraphs 3 to 5 of this Article does not result in a full MW amount in accordance with Article 28 paragraph 1(f), the Intraday Transmission Rights shall be rounded down to the nearest full MW. The case when the Transmission Rights allocated to individual Registered Participants are equal to zero after rounding shall not impact the Marginal Price determination.
- 7. The Intraday Transmission Rights are deemed to have been allocated to a Registered Participant from the moment the Registered Participant has been informed of the Results.

For the avoidance of doubt, where a PTR can be nominated during several Nomination Gates, such compensation shall only be considered after the last Nomination Gate where that PTR can be nominated.

- c. A PTR Holder may modify the Mid-Interconnector Nomination resulting from the default Nomination within the Nomination Gate in accordance with the normal Nomination process.
- d. A PTR Holder may deactivate its default Nomination on the Nomination Platform at any time. Where such deactivation is received by the Nomination Platform after the opening of the Nomination Gate, any existing valid Mid-Interconnector Nomination resulting from a Default Nomination remains unchanged

Annex to the Explicit Day Ahead and Intraday Nomination Rules Business Rules for Nemo Link

Day Ahead Business Process

1. **Day-Ahead Business Process when Explicit Daily Auctions are invoked prior to the Implicit Daily Auction Window:**
 - a. PTR Holders can submit Daily Mid-Interconnector Nominations (MINs) of Daily Units for the Contract Day D, from opening of the gate for Daily MINs at 12:05 on the day D-1 until Daily MINs gate-closure at 14:00 on day D-1, in accordance with these Nomination Rules.

Intraday Business Process

1. **Intraday Nomination Timings:**
2. Before the first intraday auction, Nemo Link shall publish on its website details of the applicable Nomination Gates for each Contract Day D. Such details shall include the gate opening and closure times for each Nomination Gate, the Product Period to which each such Nomination Gate is applicable; and any Nomination Gate which constitutes a UIOLI Deadline. For the avoidance of doubt, in the absence of any amendment, the Nomination Gate details published for the previous Contract Day shall apply to Contract Day D.
3. There will be not more than twenty four (24) Nomination Gates in one Contract Day.

Deemed Metered Volume Allocation

1. Introduction

When a PTR Holder submits a valid Mid-Interconnector Nomination, then the Nomination Platform will ensure that a corresponding Deemed Metered Volume, adjusted for losses on the Interconnector and for any reductions in Mid-Interconnector Nominations as a result of curtailment, is allocated to the relevant PTR Holders using the Deemed Metered Volume allocation rules set out in this annex.

2. Losses

The physical flow on each interconnector is subject to losses. For each interconnector the Nomination Platform will apply a Loss Factor ("LF") to calculate each PTR Holder's share of the losses in accordance with paragraph 3 of this Annex. The Loss Factor is symmetrical between Mid-Interconnector and either end of the Interconnector.

The Loss Factor to be applied is published on Nemo Link's website. If there is a requirement to change the Loss Factor at any time, then PTR Holders shall be notified at least five (5) working days before the change is to take effect.

3. Adjustment for losses

In the following formulas “DMV” means the Deemed Metered Volume calculated for that Registered Participant for that Settlement Period and “LF” represents the Loss Factor.

For the purposes of the Balancing and Settlement Code, the Nomination Platform will send to the Settlement Administration Agent (as defined in that Code) a program called BM Unit Metered Volume expressed in kWh at the relevant GB onshore grid connection point in half-hourly points and calculated by this formula:

- for a BM Unit in the direction from Belgium to England:

$$BMUMV = ((1-LF/2) * DMV)/2$$

- for a BM Unit in the direction from England to Belgium:

$$BMUMV = ((1+LF/2) * DMV)/2$$

For the purpose of the Elia imbalance settlement arrangements and for an export from Belgium to England, the Nomination Platform will send to Elia a notification of the energy to be allocated to the Energy Accounts of the PTR Holders in the form of a program expressed in MW at Zeebrugge with a Hourly or Quarter-Hourly time resolution and calculated by this formula:

$$\text{Export BE to GB} = (1+LF/2) * DMV$$

For the purpose of the Elia imbalance settlement arrangements and for an import from England to Belgium, the Nomination Platform will send to Elia a notification of the energy to be allocated to the Energy Accounts of the PTR Holders in the form of a program expressed in MW at Zeebrugge with a Hourly or Quarter-Hourly time resolution and calculated by this formula:

$$\text{Import GB to BE} = (1-LF/2) * DMV.$$

This notification will be sent to Elia after the Nomination Gate Closure and will be updated and resent to Elia with a new version of the file in case of nomination curtailments. Elia will adjust the Energy Accounts (this is the BRP perimeters) of the Registered Participants in the Elia Local Hub in accordance with aforementioned notification received from the Nomination Platform.
